**COMBINED DECLARATION & ASSIGNMENT (37 CFR §1.63)
FOR PATENT APPLICATION
TO BE FILED USING AN APPLICATION DATA SHEET (37 CFR §1.76)**

Title of Application:

WEARABLE MEDICAL (WM) SYSTEM MONITORING ECG SIGNAL OF AMBULATORY PATIENT FOR HEART CONDITION

As a below named Inventor & Assignor, I hereby declare that:

This document is directed to:

- the attached patent application, or
- United States patent application
having number: 16/392,541 filed on: April 23, 2019
- United States patent application or PCT international patent application
having number: _____ filed on: _____

I believe I am the original inventor, or an original joint inventor, of a claimed invention in the application.

I hereby state that the application was made or was authorized to be made by me, and that I have reviewed and understand the contents of the above-identified specification, including the claims.

I acknowledge the duty to disclose information which is material to the patentability of this application in accordance with Title 37, Code of Federal Regulations, §1.56.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment of not more than five (5) years, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

For good and valuable consideration, the receipt of which I hereby acknowledge, I hereby sell, assign and transfer, and as appropriate I confirm that I have sold assigned and transferred, to:

Assignee: West Affum Holdings Corp.
Address: P.O. Box 309
Ugland House
Grand Cayman, KY1-1104, Cayman Islands

the full and exclusive right, title and interest in all inventions in the above-identified application, related priority applications & right to claim priority to the same, patent application and patent rights throughout the world, including the right to act as the Applicant without me for prosecuting such rights; said inventions, application and letters patent in this or any foreign country, and all divisions, continuations, reissues, non-provisionals and extensions thereof, to be held and enjoyed by Assignee, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, and any and all claims for any infringement thereof, as fully and entirely as the same would have been held by me had this assignment and sale not been made, and I covenant that I have full right so to do, and agree that I will communicate to Assignee, or its successors and assigns, any facts known to me respecting said inventions and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, non-provisional and reissue applications, make all rightful oaths, and do everything possible to aid Assignee, its successors and assigns to obtain and enforce proper patent protection for said inventions in this or any foreign country. I have not executed and will not execute any agreement or other instrument in conflict with this.

In the event that the patent application filing date and/or serial number becomes known after this document is executed, I hereby authorize, request & grant permission to the attorneys of record in the patent application to insert above any identifying information including but not limited to checking "the attached application", and entering the filing date and/or application number after such information becomes known, and to record this document after such information is added.
