ASSIGNMENT of PATENT RIGHTS

WHEREAS, we, Robert Muko Tjon-Joe-Pin of Spring, Texas, United States of America (US), Moreland David Gibbs of Orakei, New Zealand, and Valentino Setoa Junior Te'o of Brisbane, Australia, have invented an invention entitled "GLYCOSYL HYDROLASE ENZYMES IN HIGH TEMPERATURE INDUSTRIAL PROCESSES" for which the following patent application(s) have been filed:

Serial Number 61/909,012, filed with the USPTO on Nov. 26, 2013,

Serial Number 14/553,701, filed with the USPTO on Nov. 25, 2014, and

Serial Number 16/212,470, filed with the USPTO on Dec. 06, 2018;

WHEREAS, ADVANCED ENZYME SYSTEMS, LLC, a company having a principal place of business at 7016 Louetta Rd., Spring, Texas, US, (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring the entire right, title and interest in, to and under the invention and in, to and under any patent or similar legal protection to be obtained therefore in the United States of America, its territorial possessions, and in any and all foreign countries;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, I, an undersigned, hereby assign and transfer unto ASSIGNEE, its successors and assigns, my entire right, title and interest to said invention and to all Letters Patent or applications or similar legal protection claiming priority to the above referenced applications, not only in the United States and its territorial possessions, but in all foreign countries, to be obtained for said invention, and to any continuation, division, renewal, substitute or reissue thereof or any legal equivalent or utility application claiming priority thereto in the United States or a foreign country for the full term or terms for which the same may be granted, including all rights to claim priority to earlier or later filed related applications and including the right to sue for past, present and/or future infringement of any patents obtained for the invention.

I hereby authorize and request the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents or any legal equivalent thereof, to issue said patents to ASSIGNEE, its successors and assigns, in accordance with this Assignment.

I hereby covenant that, to my knowledge, I have full right to convey my entire right, title and interest in said invention and that I have not made or entered into nor will I knowingly make or enter into any assignment, sale, agreement or encumbrance that would conflict with this Agreement.

I further covenant that ASSIGNEE will, upon its request, be provided promptly with all pertinent facts and documents relating to said application(s), invention and Letters Patent and legal equivalents as may be known and accessible to me and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to ASSIGNEE or

its legal representative, at ASSIGNEE's expense, any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said application(s), invention and Letters Patent and legal equivalents in the United States or in any foreign country, which may be necessary or desirable to carry out the purposes thereof.

As this Assignment to the above referenced invention may be executed in advance of the filing of a patent application, I hereby authorizes the legal representative of the above-mentioned ASSIGNEE to insert in this instrument the filing date and serial number of any related application, when known, or any other information that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or any foreign patent office for recordation of this document. I agree and understand that this Assignment may be executed in counterparts and may be collated to provide a single document for recordation.

I hereby agree that this Assignment shall be binding on the heirs, assigns, representatives and successors of the undersigned and extend to the successors, assigns and nominees of ASSIGNEE.

Executed and delivered this 11th day of December, 2018.
