AFFIDAVIT

The undersigned, an authorized representative of InterfereX Communications Pty Ltd. (hereinafter referred to as "Assignee") with an address of 4 Fred Williams Crescent, Lyneham, ACT 2602, Australia, declares the following:

(1) Assignee is the original and current assignee of the entire right, interest, and title in and to the patent applications included in **Schedule A**.

(2) Mark C. Reed and Mingchao Yu are the only inventors for each of said patent applications.

(3) Per the Confirmatory Statement of Prior Assignment, executed by Mark C. Reed and Mingchao Yu, and recorded at Reel/Frame no. 046593/0737, Mark C. Reed and Mingchao Yu confirmed assignment of their entire rights, interest, and title in and to said patent applications to Assignee.

(4) The documents in **Appendix 1** included erroneous information and were improperly recorded against U.S. Application Nos. 15/405,874, 15/411,097, and 15/714,303 (listed in **Schedule A**) at Reel/Frame nos. 041026/0559, 041026/0786, and 043685/0116, respectively. Assignee did not assign, or otherwise convey, said patent applications to any party.

(5) The chain of title for U.S. Application Nos. 15/405,874, 15/411,097, and 15/714,303 is not altered by said improperly recorded documents.

(6) Per the last properly recorded document for U.S. Application Nos. 15/405,874, 15/411,097, and 15/714,303 at Reel/Frame no. 046593/0737, Assignee has always been and continues to be the assignee of the entire right, interest, and title in and to U.S. Application Nos. 15/405,874, 15/411,097, and 15/714,303.

(7) Assignee submits that application filing documents, including application data sheets, transmittals, requests for application, and the like, for each of said patent applications,

improperly named “InterfereX Communications Inc.,” a U.S. entity, as the applicant and/or assignee for each of said patent applications.

(8) Assignee submits that, at the time of filing each of said patent applications, Assignee should have been named, in application filing documents for each of said patent applications, instead of InterfereX Communications Inc., as the correct applicant and/or correct assignee for each of said patent applications.

(9) For each of said patent applications, Assignee authorizes amending application filing documents associated with each of said patent applications, or submitting other corrective documents, to remove InterfereX Communications Inc. as the named applicant and/or named assignee for each of said patent applications, and to name Assignee as the correct applicant and/or correct assignee for each of said patent applications.

(10) For PCT applications included in **Schedule A**, Assignee authorizes amending application filing documents associated with each of said PCT applications, or submitting other corrective documents, to name Mingchao Yu, who was a U.S. resident at the time of filing each of said PCT applications, as an applicant-inventor so that the U.S. Patent and Trademark Office (USPTO) remains as an appropriate Receiving Office as of the date of filing each of said PCT applications.

(11) All practitioners with the firm of Baker & McKenzie LLP are granted the power to insert on this Affidavit any Reel/Frame nos. which may be necessary or desirable in order to comply with any applicable rules for recordation of this Affidavit.

(12) All statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further that these statements and the like so made are punishable by fine or imprisonment, or both, and that such willful and false statements may jeopardize the validity of any application listed below or any patent issued thereon.

IN WITNESS WHEREOF, InterfereX Communications Pty Ltd. (Assignee) has executed and delivered this Affidavit on this 15th day of March, 2018.

Mark C. Reed
