## ASSIGNMENT

WHEREAS We, the below named inventors (hereinafter referred to as Assignors), have made an invention entitled:

### TISSUE EXPANDERS AND METHODS OF USE THEREOF

for which We executed an international patent application under the Patent Cooperation Treaty ("PCT") filed in the International Bureau of the World Intellectual Property Office as Receiving Office, the application being identified as **International Application No. PCT/IB2017/001449** filed on **October 27, 2017** ("Invention"); and

WHEREAS, **ESTABLISHMENT LABS S.A.**, a corporation of Costa Rica whose post office address is Coyol Free Zone, 4<sup>th</sup> St., Building B-15, La Garita, Alajuela 20113, COSTA RICA (hereinafter referred to as Assignee), is desirous of securing the entire right, title, and interest in and to this Invention in all countries throughout the world, this international application, the Letters Patent to be issued upon this international application in all countries throughout the world party to the PCT, and/or any application claiming priority to this international patent application;

NOW THEREFORE, be it known that, for good and valuable consideration, the receipt of which from Assignee is hereby acknowledged, We, as Assignors, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, our entire right, title, and interest in and to this Invention, this international application, all non-provisional applications, all divisions and continuations thereof, all applications for Letters Patent which may hereafter be filed for this Invention in any foreign country and all Letters Patent which may be granted on this Invention in any foreign country, and all extensions, renewals, and reissues thereof, and all rights to claim priority on the basis of the above international application; and We hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this Invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, We hereby covenant that We have the full right to convey the interest assigned by this Assignment, and We have not executed and will not execute any agreement in conflict with this Assignment;

AND, We hereby further covenant and agree that We will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to us respecting this Invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this Invention in said Assignee, its successors or assigns, execute all non-provisional, divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this Invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.
