ASSIGNMENT OF PATENT APPLICATION

FOR GOOD AND VALUABLE CONSIDERATION,

The receipt of which is hereby expressly acknowledged, each of the undersigned ("Inventors") do hereby agree to assign and do hereby sell, assign, transfer, and convey unto Fulmer Instruments, LLC ("Assignee), a limited liability company organized under the laws of the State of Alabama, and its successors, assigns, and legal representatives, the entire right, title, and interest, for all countries, in and to certain patent applications and inventions relating to

SURGICAL CUTTING DEVICE

as described in a patent application identified as Attorney Docket No. 206534-301001, at Bradley Arant Boult Cummings LLP, 1819 Fifth Ave. N, Birmingham, AL, 35203, and filed on January 29, 2015 as Application Serial No. 14/608,390, and the invention(s) and improvement(s) set forth therein, any and all continuations, continuations-in-part, divisionals, and renewals of and substitutes for said applications and their equivalents in the U.S. and foreign jurisdictions, all applications claiming priority to or the benefit of said applications, including patent applications filed in U.S. and foreign jurisdictions or under any international convention, and all of the rights and privileges under any and all patents that may be granted from, and any reissues, reexaminations, or extensions of patent granted from, any of the above and their equivalents in any jurisdiction. Each Inventor requests that any and all patents issuing from said applications be issued to Assignee, its successors, assigns, and legal representatives, or to such nominees as it may designate.

Each Inventor agrees that, when requested, he will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable, or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in Assignee, its successors, assigns, and legal representatives or nominees.

Each Inventor authorizes and empowers Assignee, its successors, assigns, and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization.

Each Inventor consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document that may be required in any country for any purpose and more particularly in proof of the right of Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

Each Inventor covenants with Assignee, its successors, assigns, and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that he has full right to convey the same as herein expressed.
