A Shock-Absorbing Treadmill

(hereinafter referred to as the "Assignee"), namely a joint inventor who currently holds a 50% interest in the Inventions, is desirous of acquiring 100% ownership of the entire right, title, and interest in and to the Inventions, and in and to any Letters Patent that may be granted therefor;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and of other good and valuable considerations, receipt of which is hereby acknowledged by me, I, intending to be legally bound, do hereby acknowledge that as of the date I execute this Agreement, I do thereupon sell, assign, and transfer to the Assignee and Assignee's legal representatives my entire right, title, and interest (namely, my 50% interest as one of two joint inventors) together with all rights of priority, in the Inventions, as described and/or claimed in the aforesaid applications for patent and any and all applications for Letters Patent in any country or jurisdiction, based in whole or in part thereon, including divisions, continuations, and continuations-in-part thereof as well as all foreign counterparts and all applications containing disclosure in common therewith, together with all Letters Patent in any country or jurisdiction arising from any of the aforesaid applications, as well as any and all reissues and reexaminations thereof, the same to be held and enjoyed by Assignee, his successors and assigns, to the full ends of the terms of all said Letters Patent therefor which may be granted.

I, Gerald Clum, Assignor, hereby authorize and request the Patent Office officials in the United States and all other foreign countries or jurisdictions to issue any and all of said Letters Patent, when granted, to Assignee, as the Assignee of my entire right, title, and interest in and to the same, for the sole use and benefit of Assignee, his successors and assigns. I hereby authorize the Assignee to make applications for and to receive Letters Patent for the Inventions in any foreign countries or jurisdictions in his own name as Applicant, or as Inventors, jointly with my name, at his election.

Further, I hereby agree to communicate to Assignee, or his representatives, any facts known to me respecting the Inventions, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitution, renewal, reissue, and related United States and foreign applications and declarations relating thereto, execute all necessary claims of priority and assignment papers to cause any and all of said Letters Patent to be issued to Assignee, make all rightful oaths, and generally to do everything possible to aid Assignee, his successors and assigns, to obtain and enforce protection for the Inventions in the United States and in any and all foreign countries or jurisdictions. Assignee shall reimburse Assignor for any reasonable expenses incurred in fulfilling Assignor's obligations pursuant to this paragraph.

The rights and property herein conveyed by Assignor are free and clear of any encumbrances.

I hereby authorize Gerry J. Elman, Registration No. 24,404, of the firm Elman Technology Law, P.C., to correct errors in this Assignment document and to insert any further identification or information necessary or desirable to make this Assignment recordable in the United States Patent and Trademark Office, or elsewhere.
