ASSIGNMENT

WHEREAS, **TIMOTHY W.I. CLARK** of 8516 Parkwood Lane, Philadelphia, Pennsylvania 19128 (hereinafter referred to as the "Assignor") is the inventor and owner of the entire right, title and interest in and to an invention entitled **LOCKING MECHANISM FOR HEMOSTASIS DEVICE**, which is set forth in United States Patent Application No. 16/356,368, filed March 18, 2019 (hereafter, the "Patent Application"); and

WHEREAS, **FORGE MEDICAL, INC.**, (hereinafter referred to as the "Assignee"), having an office located at 8516 Parkwood Lane, Philadelphia, Pennsylvania 19128, is desirous of acquiring the entire right, title, and interest in and to said invention and said Patent Application and in and to any Letters Patent, United States or foreign, to be obtained therefor and thereon:

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, said Assignor has sold, assigned, transferred, and set over, and by these presents does sell, assign, transfer, and set over, unto said Assignee, its successors, legal representatives, and assigns, the entire right, title, and interest in and to the above-mentioned invention, the Patent Application, and any and all Letters Patent, United States or foreign, which may be granted therefor and thereon, and in and to any and all divisions, continuations, and continuations-in-part of said Patent Application, or reissues or extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by said Assignee for its own use and the use of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted, as fully and entirely as the same would have been held and enjoyed by the Assignor, had this sale and assignment not been made.

AND for the same consideration, said Assignor hereby covenants and agrees to and with said Assignee, its successors, legal representatives, and assigns, that, at the time of execution and delivery of these presents, said Assignor is the lawful owners of the entire right, title, and interest in and to said invention and the Patent Application, and that the same is unencumbered and that said Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, said Assignor hereby covenants and agrees to and with said Assignee, its successors, legal representatives, and assigns, that said Assignor will, whenever counsel of said Assignee, or the counsel of its successors, legal representatives, and assigns, shall advise that any proceeding in connection with said invention, or said Patent Application or any proceeding in connection with Letters Patent granted thereon in any country is lawful and desirable, or that any division, continuation, or continuation-in-part of any application for said Letters Patent or any reissue or extension of any Letters Patent to be obtained thereon, is lawful and desirable, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the procurement, maintenance, enforcement, and defense of said Letters Patent for said invention, without charge to said Assignee, its successors, legal representatives, and assigns, but at the cost and expense of said Assignee, its successors, legal representatives, and assigns.

AND said Assignor hereby requests the Commissioner of Patents to issue said Letters Patent of the United States to said Assignee as the Assignee of said invention and the Letters Patent to be issued thereon for the sole use of said Assignee, its successors, legal representatives, and assigns.
