ASSIGNMENT

WHEREAS We, the below named inventors, [hereinafter referred to as Assignors], have made an invention entitled:

ENTERAL FEEDING DEVICES AND RELATED METHODS OF USE

for which We executed an application for United States Letters Patent filed in the U.S. Patent and Trademark Office ("USPTO") on October 12, 2016, and identified in the USPTO by U.S. Application No. 15/291,530; and

WHEREAS, Alcresta Therapeutics, Inc., a corporation of Massachusetts whose post office address is One Newton Executive Park, Suite 100, Newton, MA 02462 (hereinafter referred to as Assignee), is desirous of securing the entire right, title, and interest in and to this invention in all countries throughout the world, and in and to the application for United States Letters Patent on this invention and the Letters Patent to be issued upon this application or any application claiming priority to this application;

WHEREAS, We executed a prior Assignment recorded in the U.S. Patent and Trademark Office at Reel 038015, Frame 0678, on March 17, 2016 ("prior Assignment"), assigning our entire right, title, and interest in and to the invention disclosed in U.S. Provisional Patent Application No. 62/241,608, filed on October 14, 2015, and all non-provisional applications, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of the provisional application, as well as all rights to claim priority on the basis of the provisional application in any foreign country, and all applications for Letters Patent which may be filed for the invention in the provisional application in any foreign country and all Letters Patent which may be granted on the invention in the provisional application in any foreign country, and all extensions, renewals, and reissues thereof;

WHEREAS, to the extent, if any, that the prior Assignment did not convey all rights in and to the invention and this application, We are executing this Assignment to ensure the entire right, title, and interest of each inventor, in and to the invention and U.S. Application No. 15/291,530 are conveyed to Assignee, Alcresta Therapeutics, Inc.;

NOW THEREFORE, be it known that, for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, We, as Assignors, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, our entire right, title, and interest in and to this invention, provisional Application No. 62/241,608, filed on October 14, 2015, U.S. Application No. 15/291,530, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority in any foreign country on the basis of the above provisional application, as well as all rights to claim priority on the basis of this application in any foreign country, and all applications for Letters Patent which may hereafter be filed for this invention in any foreign country and all Letters Patent which may be granted on this invention in any foreign country, and all extensions, renewals, and reissues thereof; and We hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, WE HEREBY covenant that We have the full right to convey the interest assigned by this Assignment, and We have not executed and will not execute any agreement in conflict with this Assignment;

AND, WE HEREBY further covenant and agree that We will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to us respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, its successors or assigns, execute all non-provisional, divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.
