INTELLECTUAL PROPERTY SECURITY AGREEMENT

This **INTELLECTUAL PROPERTY SECURITY AGREEMENT** (as amended, restated, supplemented or otherwise modified, this “**Agreement**”) is entered into as of May 3, 2019 by and between **RUNWAY GROWTH CREDIT FUND INC.**, a Maryland corporation (“**Agent**”) and **ECHO 360, INC.**, a Delaware corporation (“**Grantor**”).

RECITALS

A. Agent, Grantor and the other parties party thereto are entering into a Loan and Security Agreement as of the date hereof (as amended, restated, supplemented or otherwise modified from time to time, the “**Loan Agreement**”). Defined terms used herein without definition shall have the meanings set forth in the Loan Agreement.

B. The Obligations are secured by the Collateral, as defined in the Loan Agreement, including without limitation, all of Grantor’s Intellectual Property.

C. Grantor’s execution and delivery of this Agreement is a condition to the effectiveness of the Loan Agreement.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, Grantor and Agent hereby agree:

AGREEMENT

To secure the Obligations, Grantor grants Agent a security interest in all of Grantor’s right, title and interest in its Intellectual Property (the “**IP Collateral**”). Grantor hereby confirms that the attached schedules of Grantor’s copyright, patent and trademark applications and registrations, which are registered or filed with the United States Patent and Trademark Office or the United States Copyright Office, as applicable, attached hereto as Exhibits A, B and C hereto, respectively, are complete and accurate as of the date hereof.

Grantor hereby authorizes Agent to (a) modify this Agreement unilaterally by amending the exhibits to this Agreement to include any Intellectual Property which Grantor obtains subsequent to the date of this Agreement, and (b) file a duplicate of this Agreement containing amended exhibits reflecting such new Intellectual Property.

Upon payment in full of the Obligations (other than contingent indemnification obligations as to which no claim has been asserted or is known to exist) and at such time as Lenders’ obligation to make Credit Extensions has terminated, Agent shall, at Grantor’s sole cost and expense, release any security interest in the IP Collateral and all rights therein shall revert to Grantor.

This Agreement shall be exclusively (without regard to any rules or principles relating to conflicts of laws) governed by, enforced and construed in accordance with the laws of the state of California and the federal laws of the United States applicable therein. This Agreement may be executed in counterparts, each of which shall be deemed an original but all of which together shall constitute the same instrument.

IN WITNESS WHEREOF, the parties have caused this Intellectual Property Security Agreement to be duly executed by its officers thereunto duly authorized as of the first date written above.
