ASSIGNMENT

RH

We, Ronny Hadani of Santa Clara, California, and Shlomo Selim Rakib of Santa Clara, *SA*
Cohere Technologies, Inc.
California, hereby assign to Cohere Technologies, a corporation of California, having a place of
business at 2550 Walsh Avenue, Suite 150, Santa Clara, California 95051, USA, and its
successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and
interest throughout the world in any and all inventions and improvements which are described in
an application for United States Patent filed by us, entitled OTFS METHODS OF DATA
CHANNEL CHARACTERIZATION AND USES THEREOF, filed on September 12, 2016, and
assigned U.S. Patent Application Number 15/263,103.

This assignment includes the entire right, title and interest in said application, all legal
equivalents thereof in any country, any and all United States and foreign patents, utility models,
and design registrations granted for any of said inventions and improvements, including, but not
limited to, all divisions, continuations, reissues, reexamination certificates, any and all
certificates issued in any post-grant proceeding, and extensions of said applications and patents
of the United States, foreign patents, utility models, and design registrations, and the right to
claim priority based on the filing date of said application under the International Convention for
the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent
Convention, and all other treaties of like purposes, and the right to seek relief and recover all
damages, including, but not limited to, a reasonable royalty, by reason of infringement or any
other violation of patent or patent application rights. We authorize the Assignee to apply in all
countries in our names or in the name of the Assignee for patents, utility models, design
registrations and like rights of exclusion and for inventors' certificates for said inventions and
improvements.

In addition, we hereby confirm the sale, assignment, and transfer to the Assignee of the
entire right, title and interest throughout the world in said inventions and improvements that
occurred by operation of an employment agreement between us and the Assignee existing at the
time said inventions and improvements were made. Should we have any remaining interest, we
hereby sell, assign, and transfer any right, title and interest we may have in said inventions and
improvements anywhere in the world to the Assignee.

The foregoing assignments, sale and transfer have been made for good and valuable consideration, the receipt of which is hereby acknowledged.

We hereby represent and covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with the assignment of said inventions and improvements to the Assignee.

We further covenant for ourselves and our respective heirs, legal representatives and assigns, to assist the Assignee in handling various procedures, tasks and documentation in connection with this assignment, including, but not limited to, providing to the Assignee promptly upon the request of the Assignee all pertinent facts and documents relating to said invention and improvements, and said patents, said legal equivalents or other legal instrument as may be known and accessible to us and testifying as to the same in any interference, derivation, litigation, or proceeding relating thereto, and promptly executing and delivering to the Assignee or its legal representative any and all papers, documents, instruments or affidavits in connection with obtaining, maintaining, issuing or enforcing said application, said inventions and improvements, and said patents, said equivalents and other legal instrument which may be necessary or desirable to carry out the purposes thereof.
