**ASSIGNMENT (US RIGHTS ONLY)
FOR UTILITY OR DESIGN PATENT APPLICATION**

Title of Invention:	NAIL
---------------------	------

This assignment is directed to:

Application No.	29/691,100
Filing Date	May 14, 2019

If the application number and filing date are not set forth above at the time of execution, authorization is hereby given for any attorney of record in the subject patent application to insert the application number and filing date information for this application when that information becomes available.

For good and valuable consideration, receipt of which is hereby acknowledged, I have sold and assigned and hereby sell and assign to:

Assignee(s)	Address
BM Svets AB	Ruskvädersgatan 13; 418 31 Göteborg Sweden

and the successors and assigns thereof, the entire right, title and interest to the inventions disclosed in the application so far as concerns the United States and the Territories and Possessions thereof, including the right to claim priority, and any United States applications and Letters Patent of the United States to be obtained on said application, and any related United States applications including any nonprovisional application, industrial design, continuation, division, renewal, substitute or reissue thereof, for the full term or terms for which the same may be granted, and any U.S. nonprovisional, U.S. provisional and/or U.S. national phase patent application on which priority is claimed.

I hereby covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with this assignment and sale.

I further covenant that Assignee(s) will, upon request, be provided promptly with all pertinent facts and documents relating to said application, said invention and said Letters Patent as may be known and accessible to me and will testify as to the same in any proceeding related thereto and will promptly execute and deliver to Assignee(s), or the legal representative thereof, any and all papers, instruments or affidavits required to apply for, obtain, maintain and enforce said application, said invention and said Letters Patent which may be necessary or desirable to carry out the purposes hereof.

I agree that this assignment shall be construed in accordance with the law of the appropriate jurisdiction within the United States, and without regard to its conflicts of laws provisions.
