ASSIGNMENT

We, Jiansheng Tang and Michael J. Hubbard, have made an invention which now is described and claimed in an application for patent entitled PEEL AND STICK ROOFING MEMBRANES WITH CURED PRESSURE-SENSITIVE ADHESIVES, which international application

[] is being executed and filed concurrently herewith.

[X] was filed on September 18, 2014 and now is designated as International application number PCT/US2014/056295, which application gains priority from United States provisional application number(s) 61/879,358 filed on September 18, 2013, and 61/983,738 filed on April 24, 2014.

NOW THEREFORE, pursuant to the obligations imposed by or arising under one or more of our employment agreement(s), advisor agreement(s), state or national statutes, common law, and administrative regulation, and/or other good and valuable consideration, the receipt of which is hereby acknowledged, we hereby do make the following assignments --

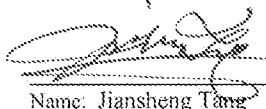

To **Firestone Building Products Co., LLC**, a corporation created and duly organized under the laws of Indiana and having a place of business at 250 West 96th Street, Indianapolis, IN 46260, and its successors and assigns, we hereby

- assign, transfer, and set over the full and exclusive right to the above-described invention and to the above-described international application and any national-stage application for letters patent of the United States as well as any substitute, continuation, continuation-in-part, or divisional application filed thereon and to any letters patent of the United States that issues from such application(s) as well as any reissue application or request for reexamination filed on such letters patent;
- covenant and agree for ourselves and our legal representative(s) to
 - a) assist said assignee and/or its designee(s), to the extent requested, in the prosecution of any of said applications for patent, in any interference declared on said application for patent or patent issuing therefrom, any post-allowance proceeding, or in litigation which arises out of or is based on said application for patent or patent issuing therefrom, and
 - b) execute all papers related to said applications that said assignee or its designee(s) request to be signed, provided that expenses relating thereto shall be borne by said assignee; and
- authorize and request the Commissioner of Patents and Trademarks to issue any letters patent of the United States relating to the above-described invention in the name of said assignee.

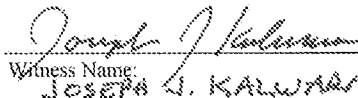

To **Firestone Building Products Co., LLC**, a corporation created and duly organized under the laws of Indiana and having a place of business at 250 West 96th Street, Indianapolis, IN 46260, and its successors and assigns, we hereby

- assign, transfer, and set over the full and exclusive right to any application for letters patent filed in any regional or national patent office other than the United States Patent and Trademark Office, including all national-stage applications claiming priority to said international applications;
- covenant and agree for ourselves and our legal representative(s) to
 - a) assist said assignee and/or its designee(s), to the extent requested, in the prosecution of any such applications for patent or in litigation which arises out of or is based on said application(s) for patent or patent(s) issuing therefrom, and
 - b) execute all papers related to said application(s) for patent which said assignee or its designee(s) request to be signed, provided that expenses relating thereto shall be borne by said assignee.
