PATENT ASSIGNMENT

This assignment made on July 5, 2016 by Chris Hughes, Adam Schroeder, and Luke Mitchell of 1237A 3rd Street Promenade, Santa Monica, CA 90401 (Assignors) to Lucrative Gaming, Inc., having a place of business at 1237A 3rd Street Promenade, Santa Monica, CA 90401 (Assignee);

WHEREAS, Assignors have invented new, original and useful embodiments of an invention entitled A Method And System For Modifying Machine Instructions Within Compiled Software (Inventions) for which a United States patent application will be filed, further identified by Cisló & Thomas' Docket No. 16-31537 (Patent Application);

WHEREAS, Assignor believes himself to be the original inventor of a claimed invention in the Patent Application;

WHEREAS, the above-identified Patent Application was made or authorized to be made by Assignors; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment their entire right, title, and interest in and to said Inventions, and said Patent Application in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign, and transfer to Assignee, their entire right, title, and interest in and to said Inventions, and said Patent Application for said Inventions in the United States and throughout the world, including the exclusive right to file any provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Inventions directly in the name of Assignee and to

claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignors agree that, upon request and without further compensation, but at no expense to Assignors, Assignors, their legal representatives, and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Application in the United States and throughout the world for said Inventions, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Inventions, and said Patent Application filed, and any patents granted for said Inventions in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Inventions, whether on an application for said Inventions, said Patent Application, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of their entire interest in said Inventions.
