ASSIGNMENT

WHEREAS, the undersigned, **MICHAEL JAMES McCARTHY** (hereinafter the "ASSIGNOR"), is the inventor of certain new and useful inventions and improvements ("Inventions") as described and set forth in (1) U.S. Provisional Application for Patent entitled **WATERCRAFT ENTRY AND RIGHTING SYSTEMS AND METHODS**, filed October 6, 2017, and assigned Application Serial Number 62/569,274, and in (2) U.S. Non-Provisional Application for Patent entitled **SYSTEMS AND METHODS FOR RIGHTING A CAPSIZED WATERCRAFT**, filed October 6, 2018, and assigned Application Serial Number 16/153,726 (the "Applications"); and

WHEREAS, the undersigned, **SEE THROUGH CANOE, INC.** (hereinafter the "ASSIGNEE"), a corporation duly organized and existing under the laws of Florida and having a business address at 9846 Indian Key Trail, Seminole, Florida 33776-1073 USA, desires to acquire the entire right, title, and interest in the Inventions, the Application(s), and any related rights as described below;

NOW, THEREFORE, in consideration of One Dollar and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the ASSIGNOR

does hereby sell, assign, transfer and convey, and hereby set over unto the ASSIGNEE, its successors, assigns and legal representatives, the full and exclusive right, title and interest in and to the Application(s), the inventions described therein, and all patents issuing from such Application(s) in all countries and jurisdictions to the full end of the terms for which such patents may be granted, to be held, used and enjoyed by, and in the name of, said the ASSIGNEE, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by the ASSIGNOR had this Assignment and sale not been made, including, without limitation: (1) the inventions as described in the Application(s); (2) any and all patents issuing from the Application(s); (3) all divisional applications, continuation applications, reissue applications, reexaminations, foreign counterpart applications and foreign equivalent applications based on the Application(s), and substitutions of or for the Application(s); (4) all foreign rights related thereto including the right to make applications for patents for such inventions in any and all foreign countries and the right to claim priority as to the filing dates of the Application(s) under the International Convention, Patent Cooperation Treaty, European Patent Convention and any other international treaty; and, (5) all income, royalties, damages and payments due or payable to the ASSIGNOR as of the date of execution of this Assignment or thereafter, including, but not limited to, all claims for damages by reason of past, present or future infringement or other unauthorized use of the inventions, patent applications or patents assigned hereunder, together with the right to sue for, and collect the same.

The ASSIGNOR hereby authorizes and requests the patent office of the country in which this Assignment is recorded to issue to the ASSIGNEE or its successors or assigns, all patent applications and patents assigned hereunder.

The ASSIGNOR hereby agrees to execute any papers, to provide any information, and to testify in any administrative or civil proceedings including litigation at the request of the ASSIGNEE, its successors, assigns and legal representatives, when deemed by the ASSIGNEE to be essential to the ASSIGNEE's, its successors', assigns' and legal representatives' full enjoyment, protection, enforcement and title in and to the patent applications and patents assigned hereunder.

The ASSIGNOR furthermore agrees, upon request of said the ASSIGNEE, its successors, assigns or legal representatives, and without further remuneration, to execute any and all papers desired by the ASSIGNEE, its successors, assigns and legal representatives, for the filing and granting of the applications and patents assigned hereunder and the perfecting of title thereto in the ASSIGNEE, its successors, assigns and legal representatives.

The ASSIGNOR hereby grants to the ASSIGNEE and its legal representatives the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the recordation rules of the patent office in which this Assignment is recorded.

The ASSIGNOR hereby authorizes the ASSIGNEE to unilaterally amend this Assignment by adding an Exhibit that lists the patent applications and patents assigned hereunder by publication numbers, patent numbers or other identifying information.

In the event that, and only to the extent that: (1) any provision of this Assignment violates the applicable law of any country or jurisdiction in which this Assignment is recorded, registered or asserted for legal purposes; or (2) any court of competent jurisdiction adjudges any provision of this Assignment to be invalid or unenforceable, such violation or judgment shall not affect, impair or otherwise invalidate the remainder of this Assignment in such country or jurisdiction, but shall be confined in its operation to the specific provision of this Assignment which gave rise to such violation or judgment.
