ASSIGNMENT [ABLY MEDICAL AS]	Page 1 of 2
	First Named Inventor: Jørn REFSNÆS
	Title: MONITORING METHODS FOR MEDICAL BEDS
	Docket No. P281720.WO-US.01

WHEREAS, I, Jørn REFSNÆS, of Ålesund, Norway, Arve VOLDSTUND, of Leinøy, Norway, Cato Alexander BJØRKL, of Hvalstad, Norway, Leila YOUSIE, of Oslo, Norway, and Kjell Are FURNES, of Nesoddtangen, Norway (hereinafter "Assignor"), have invented certain new and useful systems, devices, and methods disclosed and described in a national stage patent application entitled **Monitoring Methods for Medical Beds** which can be identified in the United States Patent and Trademark Office ("USPTO") by Application No. 16/347,273, filed on May 3, 2019 (the "National Stage Application") with attorney docket no. P281720.WO-US.01;

If the application number and filing date are unknown at the time of preparing this Assignment, I authorize the Assignee, its successors and assigns, to insert in this instrument the filing date and application number of the application when ascertained. I authorize the Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent or similar legal protection, in its own name if desired, in any and all foreign countries.

WHEREAS, Assignor desires to assign any and all right, title and interest to said National Stage Application, and any provisional, non-provisional, continuation, continuation-in-part, divisional, international, foreign, regional and convention applications corresponding thereto, and any and all Letters Patent of the United States and countries and regions foreign thereto which may grant or have granted thereto or be filed or lodged in relation thereto, any reissue or reexamination thereof or to be obtained therefor, any renewals, or substitutes thereof, and in and to any and all priority rights or priority claims, International Convention rights, any and all rights to collect past damages for infringement of any and all Letters Patent of the United States and countries and regions foreign thereto which may be published, which may grant, or have granted thereto or be filed or lodged in relation thereto, and other benefits accruing to or to accrue to Assignor with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto (the "Patent Rights");

WHEREAS, **ABLY MEDICAL AS**, a corporation organized and existing under the laws of Norway, and having offices at Kjøpmannsgt 9 6005 Ålesund, Norway ("Assignee"), desires to acquire any and all, right, title, and interest of Assignor in and to the invention(s), the Patent Rights, and in, to, and under any and all applications and Letters Patent to be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, I transfer to Assignee, its successors and assigns, my entire right, title, and interest in and to the invention, the above-identified patent application, corresponding domestic applications (including provisional, non-provisional, divisional, continuation, and continuation-in-part applications, and reissues, reexaminations or extensions thereof), corresponding foreign applications, all Letters Patent or similar legal protection issuing thereon, and all rights and benefits under any applicable treaty or convention; and I authorize the Commissioner of Patents and Trademarks of the United States or foreign equivalent to issue the Letters Patent or similar legal protection to the Assignee.

UPON SAID CONSIDERATION, the Assignor hereby covenants and agrees with the said Assignee that it will not execute any writing or do any act whatsoever conflicting with these presents, and that it will, at any time upon request, without further or additional consideration, but at the expense of the said Assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining any original, provisional, non-provisional, continuation, continuation-in-part, continuing prosecution, divisional, renewal, reissue, reexamined or extended patent applications and Letters Patent of the United States, or of any and all foreign countries, on said Patent Rights, and execute confirmatory assignments or acknowledgments of this assignment as necessary for full enjoyment of the Patent Rights and for recording in foreign patent offices, and in enforcing any rights or choses in action accruing as a result of such Patent Rights, by giving testimony in any proceedings or transactions involving such Patent Rights, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of both parties;

UPON SAID CONSIDERATION, Assignor represents and warrants that Assignor has the right, title, and authority to execute this Assignment and to convey any and all right, title, and interest in the Patent Rights, and that Assignor has not conveyed nor will convey hereafter all or part of the Patent Rights to a third party;
