PATENT ASSIGNMENT

The undersigned inventor, a private individual residing at 286 Annamede Drive, Crawford, West Virginia 26343 (the "Assignor"), is the sole inventor and owner of all rights, title and interest in the design titled

ORNAMENTAL RETAINING CLIP

for which U.S. Design Patent Application No. 29/690,773 was filed on May 10, 2019 (the "Invention"); and

PELICAN MARKETING GROUP, INC., a Maryland corporation having an address of 104 East Susquehanna Avenue, Baltimore, Maryland 21286 (the "Assignee"), wishes to acquire all the Assignor's rights, title and interest in and to the Invention and any and all patents which may be granted therefor in the United States or any other country.

In view of good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the Assignor hereby assigns and transfers to Assignee and its successors and assigns the full exclusive and worldwide rights, title and interest in and to the Invention, including any and all divisions, reissues, continuations, continuations-in-part, substitutions, extensions or other applications hereafter filed based in whole or in part on the Invention, including any improvements thereon.

The Assignor further grants to Assignee, its successors and assigns, the right to claim for any applications the full benefits and priority rights of any international agreement between the United States and any foreign country or countries. The Assignor warrants that he has the full right to make the conveyance herein and covenants that the Assignor, his heirs, legal representatives and assigns, shall execute any necessary documents assigning all rights, title and interest in any divisional, continuing, continuation-in-part, substitutions, reissue, reexamination and foreign or international applications, together with individual assignments therefor, make all rightful oaths, sign all lawful papers, testify in any legal proceeding and generally do everything possible to aid the Assignee, its successors and assigns, in the obtaining any patent for which application has been made covering the Invention and documenting ownership by the Assignee.

This Patent Assignment is effective as of the signature date below.
