confirm our obligation to and hereby sell, assign and convey, unto Assignee, its successors and assigns, our entire right, title and interest -

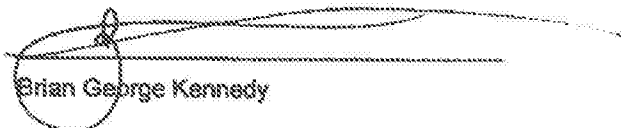

(1) in and to inventions described in a patent application titled POD AND DISPENSING METHOD the specification of which was filed with my authority on January 23, 2019 as International Patent Application No. PCT/GB2019/050194 (Atty. File No. 213673-0002-WO), and as U.S. Utility Patent Application No. 16/256943, filed January 24, 2019 (Atty. File No. 213673-0002-US02) (hereinafter the "U.S. utility patent application") which applications claim the benefit of United States Provisional Patent Application No. 62/622225, filed January 26, 2018 (hereinafter the "U.S. provisional patent application") (Atty. File No. 213673-0002-US01);

(2) in and to the PCT application, U.S. utility patent application, and the U.S. provisional patent application, in and to all other patent applications (including PCT national phase, divisional, continuation, continuation-in-part, 35 U.S.C. §111(b) provisional, 35 U.S.C. §111(a), and reissue applications) based upon said inventions or claiming the benefit of the PCT application, the U.S. patent application, or the U.S. provisional patent application, and in and to the patent or patents to be granted thereon, to the full end of the term or terms for which said patent or patents may be granted.

We hereby agree that we will, upon demand of Assignee, its successors or assigns, and without further consideration to us, execute any and all papers that may be necessary, or deemed by Assignee, its successors or assigns, to be necessary, to a complete fulfillment of the intent and purposes of this Assignment, it being understood that any expense incident to the execution of such papers shall be paid by Assignee, its successors and assigns, and not by us.

The Commissioner of Patents and Trademarks of the United States is hereby authorized and requested to issue said patent or patents to Assignee.
