ASSIGNMENT

WHEREAS I/We, the undersigned assignor(s),

- (a) Paul Cameron BROWN (d) _____
- (b) Mark Gordon DOBSON (e) _____
- (c) Phuoc Minh THAI (f) _____

have made a certain invention as set forth in an application for United States Letters Patent, entitled **PORTABLE STORAGE DEVICE THAT IS SELF-CONVERTIBLE FROM BEING A REMOVABLE DISK TO A FIXED DISK AND FROM BEING A FIXED DISK TO A REMOVABLE DISK**, filed on March 29, 2018, and identified by United States Patent Application No. 15/940,922, and I/We, the undersigned assignor(s), authorize and request the practitioners of McDermott Will & Emery LLP to insert the filing date and application number of the application, when known;

AND WHEREAS, APRICORN (the "Entity"), a corporation of California and having an address of 12191 Kirkham Road, Poway, CA 92064, is desirous of acquiring the entire rights, title and interests in and to said invention and in and to any and all Letters Patent and certificates of the United States, foreign countries and all regions worldwide which may be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, I/We, the undersigned assignor(s), do hereby sell, assign, transfer and set over unto the Entity, its legal representatives, successors, and assigns, the entire rights, title and interests in and to said application and said invention worldwide, including any applications worldwide based in whole or in part on said application and/or said invention as well as the right to apply for any such applications worldwide, including any international and foreign applications filed under any international or foreign patent law or treaty (including the Patent Cooperation Treaty, the European Patent Convention, the Paris Convention for the Protection of Industrial Property, and all other treaties of like purposes, including the rights to all benefits thereunder), including any provisional, non-provisional, continuation, continuation-in-part, divisional, reissue, re-examination, inter partes review, post grant review, covered business method, national stage, regional stage and extension applications based in whole or in part on said application and/or said invention, including any applications to/from which said application directly or indirectly claims priority, including the right to claim priority to/from said application, said invention, and any of the foregoing applications, and in and to any and all patents and certificates of the United States, foreign countries and all regions worldwide which may be issued based in whole or in part on said application, said invention and/or any of the foregoing applications, including the right to enforce such patents and certificates, including the right to sue for injunctions and recover damages and attorney fees for past, present and future infringements;

UPON SAID CONSIDERATION, I/We, the undersigned assignor(s), hereby agree with said assignee that I/We, the undersigned assignor(s), will not execute any writing or do any act whatsoever conflicting with these presents, and that I/We, the undersigned assignor(s), will, at any time upon request, without further or additional consideration but at the expense of said assignee, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect said assignee's enjoyment of this assignment, and render all necessary assistance in preparing provisional applications, in making application for and obtaining original, non-provisional, continuation, continuation-in-part, divisional, reissue, re-examination, inter partes review, post grant review, covered business method, national stage, regional stage and extension Letters Patent and certificates of the United States and/or of any and all foreign countries and regions based in whole or in part on said application and/or said invention, and in enforcing any rights or choses in action accruing as a result of such applications, patents or certificates, by giving testimony in any proceedings or transactions involving such applications, patents or certificates, and by executing preliminary statements and other affidavits,
