ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS

Konrad Kruk ("Assignor") is the owner of all proprietary and intellectual property rights, including copyrights and patents, in the concepts and technologies known as Real-time chat message preview enabling to view the message during the writing process and more specifically described in Attachment A to this Assignment (and referred to collectively as the "Invention") and the right to registrations to the Invention. LiveChat Software S.A., ul. Zwycięska 47 53-033 Wrocław Poland, ("Assignee") desires to acquire the ownership of all proprietary rights, including, but not limited to, the copyrights, trade secrets, trademarks and associated good will and patent rights in the Invention and the registrations to the Invention;

Therefore, for valuable consideration, the receipt of which is acknowledged, Assignor, hereby assigns to Assignee 100% of all right (all his rights possessed), title and interest in the Invention, including:

- (1) all copyrights, trade secrets, trademarks and associated good will and all patents which may be granted on the Invention;
- (2) all applications for patents (including divisions, continuations in whole or part or substitute applications) in the United States or any foreign countries whose duty it is to issue such patents;
- (3) any reissues and extensions of such patents; and
- (4) all priority rights under the International Convention for the Protection of Industrial Property for every member country.

Assignor warrants that:

- (1) Assignor is the legal owner of all right, title and interest in the Invention;
- (2) that such rights have not been previously licensed, pledged, assigned, or encumbered; and

(3) that this assignment does not infringe on the rights of any person. Assignor agrees to cooperate with Assignee and to execute and deliver all papers, instruments, and assignments as may be necessary to vest all right, title, and interest in and to the intellectual property rights to the Invention in Assignor. Assignor further agrees to testify in any legal proceeding, sign all lawful papers and applications, and make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper protection for the Invention in all countries.

Date: 26.04.2019

Assignor: Konrad Klade

On this _____ day of _____, before me, _____, the undersigned Notary Public, personally appeared _____ ASSIGNOR, personally known to me (or proved to me on the basis of satisfactory evidence) to be the person whose name is subscribed to the within instrument, and acknowledged to me that he or she executed the same.

ATTACHMENT A

The embodiment may be implemented in any real-time conversation channel as live chat or any other communication channel. The embodiment allows previewing unsent messages by the end user (potential visitor or customer of the webpage or application where the embodiment is implemented). The preview is displayed in the chat window of the agent responsible for the contact with the customer. The text written in the chat window by the end user shall be refreshed each 500 ms regardless of the writing flow (message shall be visible in the chat window of the agent even if the end user is still writing). The invention shall address the issue of the responsive customer assistance via web page or application where chat or other communication channel is implemented. By the preview of the unsent message, the embodiment user (agent) is able to prepare a timely response and observe the request preparation flow what may provide better customer understanding.
