ASSIGNMENT

In consideration of One Dollar and other good and valuable consideration of which we acknowledge receipt, we, Nicholas Klase and Randall Johnson, sell and assign to Fluence Bioengineering Inc., a Delaware Corporation, its successors and assigns, our invention in "SYSTEMS AND METHODS FOR A HEAT SINK", identified as attorney docket number 2015P55001US02, and the United States patent application, the specification for which was filed on April 11, 2018 and received United States application serial number 15/950,951, and all provisional applications from which it claims priority, and all other applications from which it claims priority, and the right to claim the priority right(s) from all such applications, and all international and non-United States applications that may claim priority therefrom and include the subject matter disclosed therein, and all Patents, both foreign and domestic, which may be granted therefor, and all divisions, reissues, continuations, and extensions thereof, and authorize and request the various non-United States patent entities and the Commissioner of Patents and Trademarks to issue all Patents on said invention or resulting therefrom to said Corporation as assignee of the entire interest, and covenant that we have full right to do so and agree that we will communicate to said Corporation or its representatives any facts known to us respecting said invention and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, and reissue applications, make all rightful oaths or declarations, and generally do everything possible to aid said Corporation, its successors, assigns, and nominees, to obtain and enforce proper patent protection for said invention, in the United States and all other countries.
