This Patent Assignment Agreement ("Agreement") is entered into and effective as of the 30th day of September, 2018 (the "Effective Date") by General Foam Plastics Corporation, a corporation organized under the laws of Virginia ("Assignor"), and Beckett Corporation, a corporation organized under the laws of Texas ("Assignee").

WHEREAS, the Assignor wishes to sell, assign and transfer to Assignee all of Assignor's right, title and interest in and to the United States patents and patent applications listed in Exhibit A and the inventions disclosed therein; and

WHEREAS, Assignee desires to acquire all of Assignor's right, title and interest in and to the United States patents and patent applications listed in Exhibit A and the inventions disclosed therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignment. Assignor hereby irrevocably assigns, transfers, and conveys to Assignee all of its right, title and interest in, to and under the United States patents and patent applications listed in Exhibit A and the inventions disclosed therein, and all rights to enforce the United States patents and patent applications listed in Exhibit A including, but not limited to, the right to sue and collect damages for any past or future infringements (the "Patent Rights"). Assignor hereby agrees to cooperate with Assignee in connection with the assignment, transfer, and enforcement of the Patent Rights, including the execution of any and all documents as may be necessary to do so.

2. Governing Law and Governing Forum.
