PATENT

REEL: 049554 FRAME: 0140

ASSIGNMENT BY ERIK RODRIGUEZ

WHEREAS, the undersigned, Erik Rodriguez, a citizen of the United States of America, having a mailing address of 5050 Westway Park Blvd., #175, Houston, TX 77041 (**"Assignor"**) agrees and declares that he is an inventor and/or an owner of or on certain new and useful invention(s) (hereinafter **"Invention(s)"**) and improvement(s), and certain applications and patents directed to said Inventions (including rights represented therein and thereby), as provided on SCHEDULE A (hereinafter, the **"Patent Documents"**)

WHEREAS, M-TriGen, Inc., a corporation, organized under and pursuant to the laws of Delaware having a principal place of business at 5050 Westway Park Blvd. #175, Houston, TX 77041 (**"Assignee"**), is desirous of acquiring right, title and interest in and to said Patent Documents, and any Inventions described and arising from the Patent Documents, and in and to any United States or corresponding foreign, international, or regional application (including any PCT International Application and any Regional Applications such as an EPO Patent Application) claiming or applied for (now or in the future) the Inventions and any Letters Patent to be obtained therefor and thereon (to the extent any such right, title, and interest have not been previously acquired by Assignee).

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt and sufficiency of which are hereby acknowledged, Erik Rodriguez (**"Assignor"**) has sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over unto Assignee, its successors, legal representatives and assigns (to the extent Assignor has not previously and already so sold, assigned, transferred, or set over unto Assignee), his entire right, title and interest in and to the following:

(a) said Inventions;

(b) all of the Patent Documents provided in Schedule A below;

(c) any United States Utility or corresponding foreign (including any patent application filed with the Japanese Patent Office, Korean Patent Office, Vietnam Patent Office, etc.), regional (including any patent application filed with the European Patent Office) or international patent application (including any PCT International Patent Application) claiming or applied for (now or in the future) the Invention, or claiming priority to, or the benefit of the filing date of (now or in the future) any of Patent Documents identified above, including all divisionals, continuations, reexaminations and substitutions thereof; and

(d) any and all United States and foreign patents which shall issue on said Invention or from any of the above-identified applications ((a) - (c)) including all reissues, reexaminations, renewals, divisions, continuations, and extensions thereof, for the United States, its territories and possessions and all foreign countries, including the right to file applications for Letters Patent on said Invention in any and all foreign countries and any other patent office, the same to be held and enjoyed by said Assignee, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by me, had this Assignment and sale not been made; and

(e) further, do sell, assign, transfer and set over unto Assignee, its successors, legal representatives and assigns, the right, authority, and/or permission to: file and claim priority to, or from, any of said Patent Documents (e.g., claim the benefit of the filing date under the Paris Convention) or any other application identified above, file any of the applications identified above in any patent office in the world or jurisdiction (including filing PCT Applications and other applications mentioned in (c) above), be granted any patent arising from, or issued on, any of the applications identified above, and/or to be granted any patent identified above, in any patent office in the world or jurisdiction.

AND for the same consideration, Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for, or to the extent that, any rights, titles and/or

interests that have already arisen to Assignee under law or that have already been transferred to Assignee (e.g., by Assignor under a prior agreement), Assignor is a lawful owner of a right, title and interest in and to said Inventions and application for Letters Patent above-mentioned, to the extent that Assignee has not already acquired Assignor's right, title, and interest, and that the same are unencumbered and that Assignor has good and full-right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and applications for Letter Patent for said Invention, at a fair and reasonable charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said Invention or any of the applications identified above, or any proceeding in connection with any Letters Patent or applications for Letters Patent for said Invention in any country, including but not limited to interference proceedings, is lawful and desirable; or, that any divisional, continuation or continuation-in-part of any application for Letters Patent, or any reissue, reexamination, substitution, or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.

AND Assignor hereby requests the Commissioner of Patent and Trademarks to issue (and any equivalent authority in the world in respect to any Patent identified above) said Letters Patent of the United States to Assignee, as Assignee of said Invention and the Letters Patent to be issued thereon, for the use and benefit of Assignee, its successors, legal representatives and assigns.

AND Assignor hereby grants the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to

comply with the rules of the United States Patent and Trademark Office and any other Patent Office in foreign and other jurisdictions, for recordation of this document:
