NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold and by these presents do confirm that I have assigned, transferred, and conveyed unto the said Assignee, its successors and assigns, the entire right, title, and interest in and to the said invention(s) and provisional application, and in and to any and all subsequent patent applications which claim the benefit of priority from said provisional application including PCT applications and national stage applications thereof, including all continuations or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted for the invention(s) in or on applications claiming the benefit of priority from said provisional application, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereof or therefor, together with the right to claim the benefit of priority from said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.
