## CONFIRMATORY ASSIGNMENT OR ASSIGNMENT

The undersigned hereby affirms that:

To the extent that our previous agreement or obligation to assign patent/design rights (including by operation of law) is valid, the present document is confirmatory.

To the extent that our previous agreement or obligation to assign patent/design rights is valid (including by operation of law), and to the extent that retroactive assignment is permissible, we hereby assign as follows as of the date of our previous signatures/obligation.

To the extent that our previous agreement or obligation to assign patent/design rights is invalid (including by operation of law), and to the extent that retroactive assignment is impermissible, we hereby assign our patent/design rights as follows as of the date indicated next to our signature below.

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, **NEAT Applied Technologies Ltd.**, a corporation formed under the laws of Israel, whose mailing address is P.O. Box 621, 2310502 Migdal HaEmek, Israel (hereafter referred to as the Assignor), the undersigned hereby sells and assigns to **Essence Security International (E.S.I.) Ltd.**, a corporation formed under the laws of Israel, whose mailing address is Ackerstein Buildings, Building D, 7th Floor, 12 Abba Eben Boulevard, 4672530 Herzeliya Pituach, Israel (hereafter referred to as the Assignee), the entire right, title, and interest, including the right to sue for past infringement and to collect for all past, present, and future damages, for the United States of America (as defined in 35 U.S.C. § 100) and throughout the world.

(a) in the inventions/designs known as

1. **CARTRIDGE** for which an application for patent in the United States of America has a filing date or a 371(c) date of April 4, 2018 (also known as United States Patent Application No. 29/643,130), in any and all applications thereon, in any and all Letters Patent(s) therefor,
2. **DEVICE AND CARTRIDGE FOR SKIN TREATMENT** for which an application for patent in the United States of America has a filing date or a 371(c) date of April 4, 2018 (also known as United States Provisional Patent Application No. 62/652,358), in any and all applications thereon, in any and all Letters Patent(s) therefor,
3. **DEVICE AND CARTRIDGE FOR SKIN TREATMENT** for which an application for patent in the United States of America has a filing date or a 371(c) date of November 4, 2018 (also known as United States Provisional Patent Application No. 62/755,489), in any and all applications thereon, in any and all Letters Patent(s) therefor,

and,

(b) in any and all application(s) that claim the benefit of the patent applications listed above in part (a), including non-provisional applications, continuing (continuation, divisional, or continuation-in-part) applications, reissues, extensions, renewals, and reexaminations of the patent applications or Letters Patents therefor listed above in part (a), to the full extent of the term or terms for which Letters Patents issue, and

(c) in any and all invention(s) described in the patent applications listed above in part (a), and in any and all forms of intellectual and industrial property protection derivable from such patent applications, and that are derivable from any and all continuing applications, reissues, extensions, renewals, and reexaminations of such patent applications, including, without limitation, patents, applications, utility models, inventor's certificates, and designs together with the right to file applications therefor; and including the right to claim the same priority rights from any previously filed applications under the International Agreement for the Protection of Industrial Property, or any other international agreement, or the domestic laws of the country in which any such application is filed, as may be applicable;

all such rights, title and interest to be held and enjoyed by the above-named Assignee, its successors, legal representatives and assigns to the same extent as all such rights, title and interest would have been held and enjoyed by the Assignor had this assignment and sale not been made.

The Assignor agrees to execute all papers necessary in connection with the applications and any non-provisional, continuing (continuation, divisional, or continuation-in-part), reissue, reexamination, or corresponding application(s) thereof and also to execute separate assignments in connection with such application(s) as the Assignee may deem necessary or expedient.

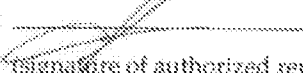

The Assignor agrees to execute all papers necessary in connection with any interference or patent enforcement action (judicial or otherwise) related to the applications or any non-provisional, continuing (continuation, divisional, or continuation-in-part), reissue, or reexamination application(s) thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference or patent enforcement action.

The Assignor hereby represents that it has full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreement in conflict therewith.

IN WITNESS WHEREOF, executed by the Assignor on the date below.
