ASSIGNMENT

WHEREAS, I/We the undersigned inventor(s) of residence(s) as listed, have invented certain new and useful improvements as below entitled, for which applications for Design Patents are made, said applications having been designated as set forth on Schedule A and filed on or about the dates set forth on Schedule A; and

WHEREAS, LUMILEDS HOLDING B.V. (hereinafter referred to as "Assignee"), a Dutch corporation,

with an address of: Evert van de Beekstraat 1
The Base, Tower B5 unit 107
1118CL Schiphol
The Netherlands

desires to acquire the entire right, title and interest in and to the invention(s), and in and to the said application(s) and any Design Letters Patent(s) that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I/we assign to Assignee, effective as of August 31, 2017 ("Effective Date") all right, title and interest in and to said invention(s), including the rights of priority for any previously filed provisional or regular patent applications related to the invention(s) described below, and in and to said application(s) and all patents which may be granted therefor, and all divisions, reissues, continuations, continuations-in-part and extensions thereof; and I/We authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention(s), or patents resulting therefrom, insofar as my/our interest is concerned, to Assignee.

I/We also assign to Assignee, all right, title and interest in and to the invention(s) disclosed in said application(s) throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention(s) in its own name throughout the world, including the right of priority for any previously filed provisional or regular patent applications related to the invention(s) described below, including all rights to publish cautionary notices reserving ownership of said invention(s) and all rights to register said invention(s) in appropriate registries, together with all rights to sue for past, present, and future infringements or misappropriations of the invention, and I/We further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee. I/We warrant

ASSIGNMENT

Attorney Docket No.: H11 XU LED Family

that, to the best of our knowledge, the rights and property conveyed are free and clear of any encumbrance.

I/We will communicate to Assignee any facts known to us respecting any improvements; and, at the expense of Assignee, I/We will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said invention(s) in all countries.

I/We agree not to subsequently challenge the validity or enforceability of any patents covering said invention, whether administratively, through the courts, or otherwise.

This Assignment may be executed in any number of counterparts and shall be binding on the parties' successors, assigns and legal representatives.

I/We hereby grant all practitioners with the firm of Baker & McKenzie LLP (Customer Number 23562), the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or any Office around the world for recordation of this document.
