**ASSIGNMENT OF INVENTION**Title of Invention: FAST, SWAPPABLE MODULAR TRAY AND RACK STRUCTUREInventor: Travis S. Taylor\*Application Serial No.: 16/514,242\*Date Declaration Executed: July 15, 2019 \*Filing Date: July 17, 2019

(\*Data not known at execution may be added for better identification)

I, the undersigned, am a co-inventor of the aforesaid invention, and in consideration of the rights of the Government of the United States of America acquired by virtue of the circumstances under which the aforesaid invention was made, hereby:

1. Assign to the Government of the United States, as represented by the Secretary of the Army (hereinafter referred to as "ASSIGNEE"), the entire right, title, and interest throughout the United States, its Territories, Possessions, and Puerto Rico in and to the aforesaid invention and United States application for patent, including any and all divisional, continuation, continuation-in-part, re-examination, reissue, and comparable applications based on the subject United States application, and any and all Letters Patent or comparable rights issuing thereon in the United States, together with all rights of priority based on the filing of any of the aforesaid applications arising under any and all international agreements to which the United States of America adheres.

2. Agree to assign to ASSIGNEE upon its request, any and all foreign patent applications, including any and all divisional, continuation, continuation-in-part, re-examination, reissue, and comparable applications based on any of the aforesaid foreign patent applications, in all foreign countries, provided that where ASSIGNEE fails to cause application to be filed in any particular foreign country, ASSIGNEE shall relinquish all right, title and interest in the subject invention in such foreign country, subject to a nonexclusive, irrevocable, royalty-free license to the ASSIGNEE in any patent that may issue on the subject invention in such foreign country, including the power to issue sublicenses for use on behalf of the ASSIGNEE and/or furtherance of the foreign policies of the ASSIGNEE.

3. Agree, upon request of ASSIGNEE, to execute any and all lawful papers and make all rightful declarations and oaths as needed for the filing and prosecution of the aforesaid United States and foreign patent applications and granting of Letters Patent or comparable rights thereon, and further to supply to ASSIGNEE all facts and evidence known to them relating to the subject invention and the history and development thereof, to testify in all interferences, suits, and other legal proceedings, and generally to do everything rightful that ASSIGNEE shall consider desirable for aiding in securing, maintaining, and enforcing proper patent protection for the subject invention and for the perfecting of title thereto in ASSIGNEE.

4. Covenant that I have the lawful right to assign the interest in the subject inven  
the manner and form as herein expressed and that the interests herein conveyed are fre  
prior assignment, grant, mortgage, license, or other encumbrance whatsoever.
