ASSIGNMENT

THIS APPLICATION ASSIGNMENT is made from the undersigned inventor (hereinafter, **Assignor**) to Akeyless Security LTD., an IL company having a place of business at 1 Simtat HaYarak St., 4526470 Hod Hasharon, Israel (hereinafter, **Assignee**).

WHEREAS the Assignor have made an invention that is described in a patent application entitled:

SYSTEM AND METHOD FOR CRYPTOGRAPHIC KEY FRAGEMENTS MANAGEMENT

identified as docket 602-1.3. of Glazberg, Applebaum & Co. (hereinafter, the **Invention**) for which a Patent Application was filed in the US under application number 16/508,410 (hereinafter, the **Patent Application**),

Now therefore and for good and valuable consideration to the assignor, receipt of which is hereby acknowledged, the Assignor agree to assign, and hereby do assign, to the Assignee the entire right, title and interest in and to the Invention, including, without limitation, the Patent Application and all other provisional and non-provisional applications deriving from the Patent Application, and including any original and/or reissued Letters Patent of the United States granted for the Invention and any divisions, reissues, continuations, continuations-in-part and extensions of any such patent application(s), and including any patents or other forms of protection of industrial property that may be granted in relation to the Invention in any other country, and including the rights to file and prosecute all applications for patents and other forms of protection of industrial property in the United States and other countries and to claim priority from the Patent Application in the United States and in any other country, and including the subject matter of any and all claims which may be obtained in such patents and the right to enforce such patents.

The Assignor hereby authorizes and requests the Commissioner of Patents to issue any and all Letters Patents of the United States resulting from the Patent Application and any divisions, reissues, continuations, continuations-in-part thereof to the Assignee, as Assignee of the entire interest, and likewise authorize officials of other countries to issue patents and other forms of industrial property protection to the Assignee.

The Assignor hereby covenants that they have full right to convey the entire interest herein assigned, and that they have not executed and will not execute any agreement in conflict herewith.

The Assignor agrees to execute all papers in connection with the abovementioned patent application and any applications filed as divisions, reissues, continuations, or continuations-in-part thereof or otherwise deriving from the abovementioned patent application, including separate assignments in connection with such applications, that the Assignee may deem desirable for the purposes of obtaining, protecting and enforcing its rights in the Invention.

the Assignor agrees to communicate to the Assignee or representatives thereof any facts known to him or her respecting the Invention and improvements thereof, and

will, upon request, but without expense to him or her, testify in any legal proceedings regarding the invention and provide any other assistance deemed necessary by the Assignee to obtain, protect and enforce its rights in the Invention.

This Assignment shall be binding upon the heirs, executors, administrators, and assigns of the Assignor, and shall inure to the benefit of the heirs, executors, administrators, successors and assigns of the Assignee.

The Assignor covenants with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

IN WITNESS WHEREOF, the Assignor has executed this Assignment on the date or dates indicated below:
