**2 LOTT’S L.L.C.**, a limited liability company duly organized under the laws of the State of Kansas and having its principal place of business at 414 Meadow Lark Drive, Minneapolis, Kansas 67467 (“Company”), is desirous of acquiring all rights, title, and interests in and to the Patent Properties, all patent applications claiming priority thereto, and all patents which may be granted for or upon all of the above, both in the United States of America and anywhere in the world.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor irrevocably assigns and transfers to Company the full and exclusive right, title, and interest, throughout the world, in and to the following:

- (a) the invention as set forth and described, for example, in the Patent Properties;
- (b) the Patent Properties;
- (c) any and all refilings, divisions, continuations, and continuations-in-part of the Patent Properties;
- (d) any and all patents which may issue from any of the above items;
- (e) any and all reissue and reexamination certificates of those patents; and
- (f) any and all claims, causes of action, and damages for past, present, and future infringement or other unauthorized use of the above items, along with the right to sue for and to collect damages and other relief.

Assignor further agrees that upon request Assignor will promptly provide Company or its legal representatives all pertinent facts and documents relating to the inventions and all other items listed above, and Assignor will testify as to the same in any interference, litigation, or proceeding related thereto. Further, Assignor will promptly execute and deliver to Company or its legal representatives any and all papers, instruments, and affidavits required to apply for, obtain, maintain, issue, and enforce all of the items listed above.

All of the above shall be held and enjoyed by Company and its successors, legal representatives, and assigns for their own use and benefit, for the full term for which the protections listed above may be granted, and Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue patents to Company in accordance with this Assignment.

This Agreement does not create any agency, employment, or partnership relationship between the parties. Unless set forth in a separate writing signed by Company, Assignor has no right or interest in any proceeds related in any way to the items listed above.

This Agreement is an integration that contains the entire understanding between the parties regarding the matters addressed herein and may not be amended, extended or otherwise modified except by written agreement of the parties. This Agreement shall prevail over all prior communications between and among the parties or their representatives regarding the matters addressed herein.

The parties expressly agree that this Agreement shall not be construed against any party on the ground that such party was responsible for the preparation of this Agreement, or on any related ground. All terms contained herein shall be construed as singular, plural, masculine, feminine, or neuter, as context requires.

Should any provision of this Agreement be determined to be void, unenforceable, or against public policy, such provision may be altered in time or scope in order to give effect to such provision. If such alteration is not possible, such provision shall be deemed severed from this Agreement and the balance of this Agreement shall remain in full force and effect, so long as the original intent of this Agreement remains substantially intact.
