ASSIGNMENT OF PATENT ASSETS

WHEREAS, Intuitive Surgical, Inc. ("Assignor") is the owner of the entire right, title, and interest throughout the world in (i) various patents and applications for patent, including without limitation those listed in Annex 1 of this Assignment, any international and foreign counterparts of these patents and applications for patent, and also continuations, divisions, reissues, and extensions thereof, (ii) all rights of priority resulting from the filing of these applications, (iii) any patents granted from these applications; and (iv) various disclosures submitted as candidates for applications for patent (collectively the "Patent Assets");

Now, for good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, Assignor hereby sells, assigns, and transfers to:

Intuitive Surgical Operations, Inc.

a Delaware corporation have a place of business at 1266 Kifer Road, Sunnyvale, California 94086 ("Assignee"), its successors, and assigns, the entire right, title, and interest throughout the world in the Patent Assets as fully and entirely as if the same would have been held by Assignor had this Assignment not been made, this Assignment being effective as of 1 January 2010.

In furtherance of this Assignment, Assignor hereby acknowledges that, from the effective date forward, Assignee has succeeded to all right, title, and standing of Assignor to (a) all income, royalties, damages, and payments hereafter due or payable to Assignor with respect to the Patent Assets, including without limitation unpaid damages and payments for past, present, and future infringements of any of the Patent Assets; (b) sue and recover damages and payments for past, present, and future infringements of any of the Patent Assets, including the right to fully and entirely replace Assignor in all matters related thereto; (c) receive all rights and benefits pertaining to the Patent Assets; (d) take all actions that Assignee, in its sole discretion, may deem necessary or proper to assert or enforce any claim, right, or title of any kind in and to any and all of the Patent Assets; and (e) defend and compromise any and all actions, suits, or proceedings relating to such Patent Assets and do all other such acts and things in relation thereto as Assignee, in its sole discretion, deems advisable.

Assignor agrees to execute all papers useful in connection with said Patent Assets, and generally to do everything reasonable to aid Assignee, Assignee's successors, assigns, and nominees, at Assignee's reasonable request and expense, in obtaining and enforcing the Patent Assets in all countries or regions.
