Patent and other IP assignment by Dr Ray Bacon

THIS DEED OF ASSIGNMENT dated 18th January 2019 is made

BETWEEN:

- (1) **Dr Ray Bacon** of Old Henley, Henley, Haslemere, GU27 3HQ ('Inventor'), and
- (2) **Dispenser Technologies Limited**, a company incorporated in England and Wales with company number 11754113 whose registered office is at 15b Somerset House, Hussar Court, Waterloooville, Hampshire, PO7 7SG (the 'Company').

RECITALS

- (1) The Inventor, has made certain inventions and developed certain technology, materials and know-how (defined below as the 'Technology'), including invention(s) in respect of which application(s) have been made for patent(s) (defined below as the 'Patents').
- (2) The Inventor is willing to assign all his right, title and interest in the Technology and the Patents to the Company subject to the provisions of this Assignment.

THIS DEED WITNESSES as follows:

1 Definitions

In this Assignment, the following words shall have the following meanings:

'Intellectual Property'	the Patents and the Technology
'Patents'	the patent(s) and patent application(s) identified in the attached Schedule
'Technology'	any and all inventions, technology, copyright works, rights in designs, materials and know-how associated with the development or commercialisation of products which are the subject matter of the Patents and which have been developed by the Inventor alone or jointly with any other person, and all his rights in such inventions, technology, copyright works, materials and know-how

2 Assignment

- 2.1 In consideration of payment of £500 to the Inventor, the Inventor as beneficial owner and with full title guarantee hereby assigns and transfers to the Company absolutely all his right, title and interest in the Technology and the Patents.
- 2.2 The assignments effected by this clause 2 shall include, without limitation, the assignment and transfer of:

- (a) all patents and other intellectual property that may be granted pursuant to any applications listed in the attached Schedule, as well as all patents and other intellectual property that may have like priority or derive priority from or have equivalent claims to or be based upon the Intellectual Property in any country of the world (and including supplementary protection certificates, divisions, continuations, continuations in part, reissues and extensions), and the Intellectual Property shall be deemed to include all such items of property; and
- (b) all rights of action, powers and benefits arising from ownership of the Intellectual Property, including without limitation the right to sue for damages and other legal and equitable remedies in respect of all causes of action arising prior to, on or after the date of this Assignment; and
- (c) all rights of ownership of any materials that form part of the Intellectual Property.

2.3 The Inventor shall execute such documents and give such assistance as the Company may require.

- (a) to secure the vesting in the Company of all rights in the Intellectual Property;
- (b) to enable the Company to register its rights as proprietor of the Intellectual Property in any relevant registry or jurisdiction;
- (c) to uphold the Company's rights in the Intellectual Property; and
- (d) to defeat any challenge to the validity of or ownership of, and resolve any questions concerning, the Intellectual Property.

3 Appointment

The Inventor hereby irrevocably appoints the Company as his Attorney in his name to execute any document and do any act or thing which may be necessary to comply with the provisions of clause 2 above.

4 Warranties, representations and undertakings

The Inventor warrants, represents and undertakes that:

- (a) immediately prior to the assignment provided for in clause 2.1 above, he was the sole owner of all right, title and interest in the Technology and the Patents;
- (b) he has not been and is not currently a party to any agreement or understanding, whether oral or written, which would in any manner be inconsistent with the assignment of rights provided for in this Assignment; and
- (c) during the term of this Assignment he shall not enter into any agreement or understanding, oral

or written, nor engage in any activity, which would in any manner be inconsistent with the provisions of this Assignment.

5 Duration of obligations

The obligations on the inventor under clauses 2.3, 3, 4, and 7 shall continue in force without limit of time.

6 Law and jurisdiction

The validity, construction and performance of this Assignment shall be governed by English law, and the inventor and the Company submit to the exclusive jurisdiction of the English courts in respect of any dispute arising in connection therewith.

7 Third parties

This Agreement does not create any right enforceable by any person who is not a party to it ('Third Party') under the Contracts (Rights of Third Parties) Act 1999, but this clause does not affect any right or remedy of a Third Party which exists or is available apart from that Act.
