ASSIGNMENT OF INTELLECTUAL PROPERTY

Inera Incorporated, a Massachusetts corporation (the "Seller") has sold to Atypon Systems, LLC, a Delaware limited liability company (the "Buyer") certain assets pursuant to an Asset Purchase Agreement dated June 28, 2019 (the "Agreement").

1. The Seller hereby confirms that, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Seller has sold, assigned, transferred, conveyed, and delivered to the Buyer all of the Seller's right, title and interest, direct or indirect, in and to all of the Seller's intellectual property, including: (i) trade names, trademarks and service marks, domain names and other Internet addresses or identifiers, trade dress and similar rights and all registrations and applications for any of the foregoing, including those listed on Schedule A (collectively, "Marks"); (ii) patents and all registrations and applications therefor, including those listed on Schedule A (collectively, "Patents"); (iii) copyrights (registered and unregistered) and all registrations and applications therefor, including those listed on Schedule A (collectively, "Copyrights"); (iv) trade secrets, know-how, inventions, methods, processes and processing instructions, technical data, specifications, research and development information, technology including rights and licenses, product roadmaps, customer lists and any other information (collectively, "Trade Secrets and Know-How"); and (v) moral rights, publicity rights, data base rights and any other proprietary or intellectual property rights of any kind or nature that do not comprise or are not protected by Marks, Patents, Copyrights or Trade Secrets and Know-How, that are owned (in whole or in part) by or licensed to the Seller (the "Intellectual Property"), together with the entire goodwill attached to the Intellectual Property, and Seller's entire right, title and interest in and to any and all claims and demands it may have, at law or in equity, for any infringement, impairment, distortion, or other unauthorized use or conduct in derogation of the foregoing, prior to the date hereof, including the right to receive all proceeds and damages therefrom.
2. The Seller hereby covenants and agrees that it will, at the request of the Buyer and without further consideration, execute and deliver, and will cause its employees to execute and deliver, such other instruments of sale, transfer, conveyance and assignment, and take such other action, as may reasonably be necessary to more effectively sell, transfer, convey, assign and deliver to, and vest in, the Buyer, its successors and assigns, good, clear, record and marketable title to the Intellectual Property, and to put the Buyer in actual possession and operating control thereof, to assist the Buyer in exercising all rights with respect thereto and to carry out the purpose and intent of the Agreement. The Seller does hereby irrevocably constitute and appoint the Buyer, its successors and assigns, its true and lawful attorney, with full power of substitution, in its name or otherwise, and on behalf of the Seller, or for its own use, to claim, demand, collect and receive at any time and from time to time any and all of the Intellectual Property, and to prosecute the same at law or in equity and, upon discharge thereof, to complete, execute and deliver any and all necessary instruments of satisfaction and release.
3. Nothing in this Assignment of Intellectual Property will alter any liability or obligation of the parties arising under the Agreement.
4. This Assignment of Intellectual Property will be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

5. This Assignment of Intellectual Property will be governed by, and construed in accordance with, the internal laws of the State of New York, without regard to such State's conflict of law rules. Any legal action, suit or proceeding arising out of or relating to this Assignment and Assumption Agreement or the breach thereof must be brought exclusively in the courts located in New York County, New York and each party hereby consents and submits to the jurisdiction of such court, waives any objection to venue in such court and consents to service of process by registered or certified mail, return receipt requested, or overnight courier with proof of delivery at the last known address of such party.
6. This Assignment of Intellectual Property may be executed in counterparts, each of which will be deemed an original and all of which, when taken together, will constitute one and the same instrument.

IN WITNESS WHEREOF, the Seller has executed this Assignment of Intellectual Property as of
June 28, 2019.
