AFFIDAVIT REGARDING IMPROPERLY FILED ASSIGNMENT

Dear Sir:

In accordance with the requirements of MPEP § 323.01(c), it is respectfully submitted the Assignment recorded in reel/frame 040136/0993 was improperly filed and recorded by another person against Kirk Dryden's patent. Specifically, at the time of recordation, it is submitted that:

- (1) The person recording the assignment intended to record the assignment against application no. 29/564,049, which is the property identified in the assignment; and
- (2) The assignment was inadvertently recorded against 12/564,049

It is noted the true chain of title remains with sole inventor Kirk Dryden as there are no assignments of record.

It is respectfully submitted the chain of title for the above-identified Application/Patent should not be considered altered by the incorrect/improperly filed assignment, and that the original applicant or patentee has been, and continues to be, the owner of the application/patent at issue.

Respectfully submitted,
