By virtue of our employment, appointment, or affiliation with the University of Florida (the "University") and pursuant to the University Intellectual Property Policy and our Intellectual Property Agreement with the University, we have assigned all our rights in the Invention to the University or its assignee or designee. We hereby acknowledge that the University has designated the University of Florida Research Foundation, Incorporated (the "Foundation") to be the assignee of its entire right, title, and interest in the Invention.

THEREFORE, for valuable consideration, the sufficiency and receipt of which we hereby acknowledge, we confirm and ratify the sale, assignment, and transfer to the Foundation, its successors and assigns, all our rights in Serial No. 62/449,228 and Serial No. 62/541,293, and all other patent applications and patents for the Invention which may be applied for or granted, including, all divisional, continuing, substitute, renewal, reissue, reexamination, counterpart, substitute, extension, and all other applications for letters patent which are or have been filed for the Invention in the United States, its territorial possessions, and all foreign countries and in all patents and extensions which may be granted for the Application.

We hereby authorize and request patent office officials in the United States and in all foreign countries to issue any patents that are granted for the Application to the Foundation as the assignee of our entire right, title, and interest in the patents.

We hereby assign to the Foundation, its successors and assigns, all of our rights to sue for and recover damages and profits with respect to past infringements or unauthorized uses of any patent that issues on the Application or unpaid royalties with respect to use of any rights in the Application that occurred before the execution of this Assignment.

We agree that, in regard to the Application, we will communicate to the Foundation or its representatives any facts that are known to us; testify in any legal proceedings; sign all lawful papers; execute all divisional, continuing, substitute, renewal, reissue, and other applications for
