PATENT ASSIGNMENT

WHEREAS, I, **Marcus Andrade**, have invented certain new and useful improvements disclosed in applications for United States Letters Patent, identified as:

Title of Applications: **Systems and Methods for Providing Block Chain-Based Multifactor Personal Identity Verification**
U.S. Application Nos.: **16/529,356**
Filing Date: **August 1, 2019**

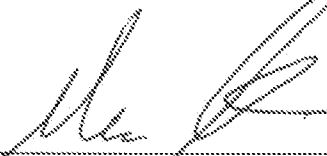

WHEREAS, **Black Gold Coin, Inc.** (hereinafter referred to as "Assignee"), a Wyoming corporation, with an address of 7495 W. Azure Drive, Suite 100, Las Vegas, Nevada, 89130, desires to acquire my entire right, title, and interest in and to the inventions, and in and to the applications and any Letters Patent that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I agree to assign and hereby assign to Assignee, all right, title, and interest in and to the inventions and in and to the applications and all patents which may be granted therefor, and all future applications throughout the world that may claim priority to said applications, including but not limited to divisions, reexaminations, reissues, continuations, continuations-in-part, and extensions thereof, and all rights and remedies associated therewith including the right to sue for and recover past damages and to recover under 35 U.S.C. § 154 (d), or any other law permitting remedies for infringement prior to issuance of the patents; and I hereby authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting therefrom, insofar as our interest is concerned, to Assignee. I also agree to assign and hereby assign to Assignee, all right, title, and interest to the inventions disclosed in said applications throughout the world, including the right to file applications and obtain patents, utility models, industrial models, and designs for said inventions in their own name throughout the world including all rights to publish cautionary notices reserving ownership of said inventions and all rights to register said inventions in appropriate registries; and I further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title, and interest in Assignee.

AND I HEREBY covenant and agree that I will communicate to Assignee any facts known to us respecting any improvements; and, at the expense of Assignee, I will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue, and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said inventions in all countries. I authorize Assignee's representative to fill in the foregoing blanks for the application numbers and the filing dates once that information becomes

known. This Assignment shall be binding on the parties' successors, assigns, and legal representatives.

IN TESTIMONY WHEREOF, I hereunto set my hand this 3 day of August, 2019.
