PATENT ASSIGNMENT

WHEREAS,

Nicholas J. Cannon, a citizen of the United State of America residing in Washington, Oklahoma;

Joel H. Young, a citizen of the United States of America residing in Norman, Oklahoma; and

Ronnie B. Beason, a citizen of the United States of America residing in Lexington, Oklahoma ("ASSIGNORS");

are inventors of the inventions for which the following patent applications have been filed in the United States Patent Office:

- 1) U.S. Application No. 62/617,438, entitled OBJECT LAUNCHING APPARATUS, filed January 15, 2018;
- 2) U.S. Application No. 16/248,633, entitled OBJECT LAUNCHING APPARATUS AND RELATED METHODS, filed January 15, 2019; and
- 3) International Application No. PCT/US2019/013696, entitled OBJECT LAUNCHING APPARATUS AND RELATED METHODS, filed January 15, 2019;

WHEREAS, The Colex Group, Inc. ("ASSIGNEE"), a Corporation organized and existing under the laws of Oklahoma, with offices located at 133 24th Ave. NW, STE 199, Norman, Oklahoma 73069, is desirous of obtaining the inventors' entire right, title, and interest in, to and under the inventions, the applications and corresponding applications worldwide;

NOW, THEREFORE, in exchange for US\$10 and other good and valuable consideration to the ASSIGNORS, the receipt and sufficiency of which are hereby acknowledged, the ASSIGNORS have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the ASSIGNEE, its successors, legal representatives and assigns, their entire worldwide right, title and interest in, to and under the inventions, including the above United States applications embodying the inventions and any other United States applications to or from which priority is claimed under 35 U.S.C. §§ 119 or § 120, including all divisions, continuations, and continuations-in-part thereof, and all Patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, inventor's certificates, and designs which may hereafter be filed for the inventions in any country or countries other than the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from the above United States applications under the Patent Laws of the United States, the International Convention for the Protection of

Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventor's certificates and designs which may be granted for the inventions in any country or countries foreign to the United States and all extensions, renewals and reissues thereof, the same to be held and enjoyed by the ASSIGNEE, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted as fully and entirely as the same would have been held and enjoyed by the ASSIGNORS had this sale and assignment not been made, including the right to sue for, settle and release all past, present and future infringement of the foregoing, including the right to license and to collect and receive damages, royalties, injunctive relief, and/or settlements for infringement thereof;

And the ASSIGNORS hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

And the ASSIGNORS hereby covenant and agree that they have the full right to convey the entire interest herein assigned, and that they have not executed, and will not execute, any agreement in conflict herewith;

And the ASSIGNORS hereby further covenant and agree that they will communicate to the ASSIGNEE, its successors, legal representatives and assigns, any facts known to them respecting said inventions, testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, and generally do everything possible to aid the ASSIGNEE or, its successors, legal representatives and assigns, to obtain and enforce proper protection for said inventions in all countries;

In witness whereof, the inventors have affixed their signatures as ASSIGNORS.
