ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, we, Christopher J. Utter, William M. Casson, and Edward A. Branscombe do hereby assign and transfer to MODULAR MINING SYSTEMS, INC., a corporation of the State of Arizona, having its principal offices at 3289 East Hemisphere Loop, Tucson, Arizona 85706, United States of America, and to its successors, assigns and legal representatives, the entire right, title and interest to a certain invention entitled "VEHICLE SLIDE DETECTION," described, illustrated and claimed in an application for Letters Patent of the United States of America, U.S. Application No. 15/902,529 filed on February 22, 2018, which claims priority to U.S. Provisional Application No. 62/462,672, filed on February 23, 2017, together with the entire right, title and interest in and to said application, and in and to Letters Patent which may be issued upon said application, and in any division, extension, continuation or reissue thereof, said MODULAR MINING SYSTEMS, INC., bearing all patent application expenses, including attorney fees.

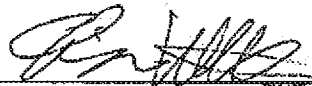

We also hereby assign and transfer unto said MODULAR MINING SYSTEMS, INC., the entire right, title and interest in and to said inventions and in and to applications for Letters Patent therefor in all countries foreign to the United States of America, including all rights under any and all international conventions and treaties in respect of said inventions and said applications for Letters Patent in foreign countries; we further authorize said MODULAR MINING SYSTEMS, INC., to apply for Letters Patent in foreign countries directly in its own name, and to claim the priority of the filing date of said application for Letters Patent of the United States of America under the provisions of any and all international conventions and treaties.

We hereby authorize and request the Commissioner of Patents of the United States of America to issue Letters Patent upon the aforesaid application, division, extension, continuation or reissue, to MODULAR MINING SYSTEMS, INC., for the sole use and behoof of said MODULAR MINING SYSTEMS, INC., its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted, the same as they would have been held and enjoyed by us had this assignment not been made, and we hereby authorize and request the equivalent authorities in foreign countries to issue the patents of their respective countries to said MODULAR MINING SYSTEMS, INC.

We agree that, when requested, we will, without charge to said MODULAR MINING SYSTEMS, INC., but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and/or maintaining patents for said invention in any and all countries and for vesting title thereto in said MODULAR MINING SYSTEMS, INC., its successors, assigns and legal representatives or nominees.

We covenant with said MODULAR MINING SYSTEMS, INC., its successors, assigns and legal representatives, that the interest and property hereby conveyed is free from all prior assignment, grant, mortgage, license or other encumbrance.

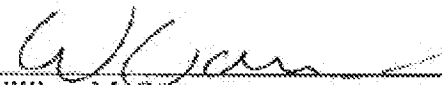

Assignor grants the firm of Quarles & Brady LLP the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of same.
