**COMBINED DECLARATION/ASSIGNMENT**

WHEREAS we,

Andreas Plössl of Regensburg, Germany  
Norwin von Malm of Nittendorf, Germany  
Dominik Scholz of Bad Abbach, Germany  
Christoph Schwarzmaier of Regensburg, Germany  
Martin Rudolf Behringer of Regensburg, Germany  
Alexander F. Pfeuffer of Regensburg, Germany

(hereinafter referred to as "the undersigned"), having made an invention entitled METHOD OF PRODUCING A SEMICONDUCTOR COMPONENT, identified in International Application No. PCT/EP2017/083114, and US Application No. 16/466,658,

the above-identified application was made or authorized to be made by the persons executing this Declaration;

we believe that we are the original joint inventors of a claimed invention in the application;

we hereby acknowledge that any willful false statement made in this Declaration is punishable under 18 USC §1001 by fine or imprisonment of not more than five (5) years, or both

WHEREAS, OSRAM Opto Semiconductors GmbH, with offices at Leibnizstr 4, 93055 Regensburg, Germany (hereinafter referred to as "assignee"), is desirous of acquiring the entire right, title and interest in said invention, said US application and all letters patent issuing for said invention,

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and of other good and valuable consideration, receipt of which is hereby acknowledged, the undersigned, intending to be legally bound, does hereby sell, assign and transfer to the assignee the entire right, title and interest, for the United States of America, its territories and possessions, and for all foreign countries, in said invention, including said US application, all divisions and continuations thereof, all rights to claim priority based thereon, all rights to file foreign applications on said invention, and all letters patent and reissues thereof, issuing for said invention in the United States of America and in any and all foreign countries.

It is agreed that the undersigned shall be legally bound, upon request of the assignee, or its successors or assigns or a legal representative thereof, to supply all information and evidence of which the undersigned has knowledge or possession, relating to the making and practice of said invention, to testify in any legal proceeding relating thereto, to execute all instruments proper to patent the invention in the United States of America and foreign countries in the name of the assignee, and to execute all instruments proper to carry out the intent of this instrument. If the undersigned includes more than one individual, these obligations shall apply to all of the undersigned both individually and collectively.
