COMBINED DECLARATION AND ASSIGNMENT

UNITED STATES AND ALL FOREIGN PATENT RIGHTS

Title of Invention: **TRAVERSE WINDING APPARATUS**

As a below named inventor, I hereby declare that:

This declaration is directed to:

☒ the attached application; or

☐ United States patent application number _____ filed on _____.

The above-identified application was made or authorized to be made by me.

I am a United States citizen.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the above-identified application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

Direct all correspondence to the address associated with Customer Number 40777.

WHEREAS, WEB Industries, Inc., a Delaware corporation, having a place of business at 700 Nickerson Road, Suite 250, Marlborough, MA 01752-4715, USA, its heirs, successors, legal representatives and assigns (hereinafter designated as the Assignee) is desirous of acquiring the entire right, title and interest in and to said invention as embraced in the aforementioned patent application as well as in US Provisional Patent Application Serial Number 62/718265 filed August 13, 2018 and in and to any Letters Patent(s) that may be granted therefor in the United States of America and in any foreign countries, individually or as a regional patent. In following, for purposes of this Combined Declaration and Assignment, reference to "foreign countries" shall also be deemed to mean and include individual foreign countries as well as groups of individual foreign countries that provide regional patent prosecution and/or regional patents. Similarly, reference to a foreign patent office shall be deemed to mean and include any international and/or regional patent office.

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) to the undersigned in hand paid, the receipt of which is hereby acknowledged, and other good and valuable

consideration, the undersigned has (have) sold, assigned and transferred, and by these presents does sell, assign and transfer unto said Assignee the full and exclusive right to the said invention in the United States of America, its territories, dependencies and possessions and in any and all foreign countries and, as appropriate, regions, and the entire right, title and interest in and to any and all Letters Patent(s) which may be granted therefor in the United States of America, its territories, dependencies and possessions, and in any and all foreign countries; and to any and all divisions, reissues, continuations, re-examination certificates, patent models, utility models, conversions and extensions thereof for the full term or terms for which the same may be granted.

The undersigned agree(s) to execute all papers necessary in connection with this application and any continuing, divisional, conversion, or reissue applications or in association with any re-examination thereof in the United States and any and all foreign countries and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

The undersigned agree(s) to execute all papers necessary in connection with any interference or pre- and/or post- issuance proceeding which may be declared concerning this application or any continuation, division, conversion, reissue or reexamination thereof or Letters Patent(s), reissue patent, or reexamination certificate issued thereon in the United States and in any and all foreign countries and to cooperate with the Assignee in every way possible in obtaining and producing evidence and proceeding with such interference or proceedings.

The undersigned agree(s) to execute all papers and documents and to perform any act which may be necessary in connection with the rules, claims or provisions of the International Convention for the Protection of Industrial Property or any similar agreements.

The undersigned agree(s) to perform all affirmative acts which may be necessary to obtain allowance and a grant of a United States of America patent(s) to the Assignee and/or allowance and a grant of any foreign and/or regional patent(s) to the Assignee and to vest all rights therein hereby conveyed to said Assignee as fully and entirely as the same would have been held by the undersigned if this Assignment and sale had not been made.

The undersigned hereby authorize(s) and request(s) the Patent Office Officials and Patent and Trademark Office Officials, as appropriate, in the United States of America and in any foreign countries and/or regions to issue any and all Letters Patents, including Reissue Patents and Reexamination Certificates, resulting from said application or any continuation, division, conversion, reissue or reexamination thereof to the Assignee, as Assignee of the entire interest, and hereby covenants that he has

(they have) the full right to convey the entire interest herein assigned, and that he has (they have) not executed, and will not execute, any agreement in conflict herewith.

The undersigned hereby grant(s) Edward K Welch II, dba IP&L Solutions, the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the U.S. Patent and Trademark Office and/or any foreign patent office for recordation of this document.

The undersigned hereby covenant(s) that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment.

IN WITNESS WHEREOF, executed by the undersigned on the date(s) opposite the undersigned name(s).
