ASSIGNMENT

WHEREAS, Frederick Korley of Ann Arbor, Michigan; hereinafter called the "Assignor", has made the invention described in the United States patent application entitled **"METHODS FOR AIDING IN DIAGNOSING AND EVALUATING A MILD TRAUMATIC BRAIN INJURY IN A HUMAN SUBJECT USING CARDIAC TROPONIN I"** that has a U.S. Patent Application Serial Number of 15/993,589 and was filed on **May 30, 2018**;

WHEREAS, The Johns Hopkins University, having a place of business at 3400 N. Charles Street, Baltimore, Maryland 21218, USA, hereinafter called the "Assignee", desires to acquire the entire right, title and interest in and to the invention and to the patent application identified above, and all patents, foreign and domestic, which may be obtained for said invention, as set forth below;

NOW, THEREFORE, in exchange for valuable and legally sufficient consideration, the Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer to the Assignee, the entire right, title and interest for the United States and elsewhere in and to the invention and the patent application identified above, and any patents that may issue for said invention in the United States and elsewhere; together with the entire right, title and interest in and to said invention and all patent applications, patents, utility models and designs therefore in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; together with the entire right, title and interest in and to all continuations, divisions, renewals and extensions of any of the patent applications, patents, utility models and designs defined above; to have and to hold for sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents.

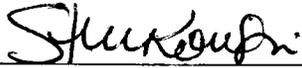

The Assignor hereby covenants and agrees, for both the Assignor and the Assignor's legal representative, that Assignor has the full right to convey the interest assigned by this Assignment; and that the Assignor will assist the Assignee in the prosecution of the patent applications identified above, in the making and prosecution of any other applications that the Assignee may elect to make covering the invention identified above, in vesting in the Assignee like exclusive title in and to all such other patent applications and patents, in the prosecution of any interference which may arise involving said invention, or any such patent application or patent, and that the Assignor will execute and deliver to the Assignee any and all additional papers which may be requested by the Assignee to carry out the terms of this Agreement.

IN TESTIMONY WHEREOF, the Assignee has executed this Assignment this 13th day of May, 2019.
