ASSIGNMENT

WHEREAS I/We, the below named inventor(s), hereinafter referred to as Assignor(s), have made an invention(s) entitled:

ADJUSTED CAVITY INJECTION FLUID PRESSURES IN INJECTION MOLDING SYSTEM

which is disclosed in U.S. application serial no. 16/067,028 filed June 28, 2018 (hereinafter the "invention(s)").

WHEREAS, Synventive Molding Solutions, Inc., 10 Centennial Drive, Peabody, Ma 01960 (hereinafter referred to as Assignee), is desirous of securing the entire right, title, and interest in and to this invention(s) in all countries throughout the world, and in and to all applications for Patent on this invention(s) including U.S. application serial no. 16/067,028 filed June 28, 2018 (hereinafter the "Application") and all Patents to be issued upon the Application and any related applications;

NOW THEREFORE, be it known that for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, I/We, as Assignor(s), have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, my/our entire right, title, and interest in and to all invention(s) described or disclosed in the Application itself and all provisional, non-provisional and other applications corresponding or claiming priority to said Application, including all divisions and continuations of said non-provisional applications, and all Patents of the United States and all countries worldwide which may be granted thereon, and all reissues thereof, as well as all rights to claim priority on the basis of all said applications including the Application and all non-provisionals claiming priority to said applications including the Application, and all applications for patents which may hereafter be filed for this/these invention(s) in any and all foreign country(ies) and all patents which may be granted on this invention(s) in any foreign country, and all extensions, renewals, re-exams and reissues of all said non-provisionals; and I/We hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any and all foreign country(ies) whose duty it is to issue patents on all provisional and non-provisional applications as described above, to issue all patents for this invention(s) to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, I/WE HEREBY covenant that I/We have the full right to convey the interest assigned by this Assignment, and I/We have not executed and will not execute any agreement in conflict with this Assignment;

AND, I/WE HEREBY further covenant and agree that I/We will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to me/us respecting this invention(s), and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention(s) in said Assignee, its successors or assigns, execute and, make all rightful oaths in furtherance of the filing and prosecution of all of the aforesaid provisional, non-provisional, divisional, continuation, re-exam and reissue applications including oaths or declaration of inventorship or invention, and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention(s) in the United States and any and all foreign country(ies), it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.

IN TESTIMONY WHEREOF, I/We have hereunto set our hands.
