PATENT ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, inventor(s) Justin Greubel and Adam Tokarski ("Assignor(s)") hereby sell, assign and transfer to Ice Qube, Inc., ("Assignee(s)"), a corporation organized and existing under the laws of Pennsylvania, having an address of 141 Wilson Avenue, Greensburg, PA 15601, and successor(s), assign(s) or other legal representative thereof, the entire right, title and interest, including the right of priority, for the United States of America, its territories, dependencies and possessions, and for all countries, jurisdictions and political entities foreign to the United States of America, in and to all new subject matter ("Subject Matter") disclosed in the patent application entitled:

Hazardous Location Cooling System and Method for Use Thereof

Filed on 13-JAN-2017, now bearing U.S. Patent Application Serial No. 62446041;

all applications for Letters Patent or similar legal protection to be obtained for the Subject Matter, including the above-noted application, all and any application(s) claiming the benefit of priority from the above-noted application, all divisional, continuation, continuation-in-part, substitute, and reissue applications, and all legal equivalents thereof;

all Letters Patent or similar legal protection to be obtained for the Subject Matter, including all original and reissue patents or reexamination certificates or similar legal equivalents thereof, as may be applicable now or in the future, and all renewals and extensions thereof;

any and all causes of action, defensive rights, and enforcement rights, whether pursued administratively or in a court or like tribunal, including the right to sue, counterclaim, defend against a challenge, and recover for any past, present and future infringement of, or liabilities for, all Letters Patent or similar legal protection to be obtained for the Subject Matter; and

all rights to apply for and receive, in the name of the Assignee(s) or name(s) the Assignee(s), successors, assigns or other legal representative(s) of Assignee(s) deem appropriate, all Letter Patent or similar legal protection for the Subject Matter.

Assignor(s) hereby represent, warrant and covenant that Assignor(s) have the full right to convey his or her entire right, title and interest herein conveyed, and that no assignment, sale, grant, mortgage, license or other agreement or encumbrance has been or will be made or entered into that would affect the rights, titles or interests conveyed herein.

Assignor(s) hereby agree to do the following, when requested, and without additional compensation, in order to carry out in good faith the intent of this assignment:

promptly execute and deliver to the Assignee(s), successor(s), assign(s) or the legal representative thereof, any and all application papers, oaths, assignments, powers of attorney, and other instruments that Assignee(s), successor(s), assign(s) or the legal representative thereof may consider necessary or desirable to apply for, obtain, perfect, maintain, issue, and enforce all Letters

Patent or similar legal protection for the Subject Matter, including assisting in the prosecution of all applications for Letters Patent or similar legal protection that may be made;

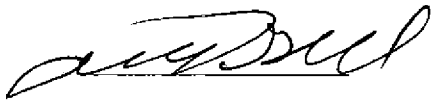

cooperate with Assignee(s), successor(s), assign(s) or the legal representative thereof in every possible way in any interference, litigation or like proceeding (administrative or court based), mediation, arbitration, or other proceeding regarding the Subject Matter, any application for Letters Patent or similar legal protection that include the Subject Matter, or any Letters Patent or similar legal protection for the Subject Matter, including promptly providing to Assignee(s) all pertinent facts and documents that are known and accessible to Assignor(s) relating to the Subject Matter, or any Letters Patent or similar legal protection for the Subject Matter, and testifying as to the same in any proceeding; and

provide any successor, assign, or legal representative of Assignee(s) with the benefits and assistance provided to Assignee(s) hereunder.

Assignor(s) hereby grant(s) Assignee(s), successor(s), assign(s) or the legal representative thereof, the authority and power to insert on this document any information that may be necessary or desirable for purposes of recordation in the United States Patent and Trademark Office or similar offices of any foreign country.

This assignment may be executed in parts, each of which shall be deemed an original and all of which may be taken and considered together as one and the same assignment.

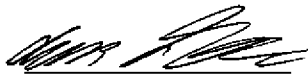

In witness whereof, I/We have set our seals:
