WHEREAS, I/we, Paul Sydlowski, have made an invention, which invention is described in an application for Letters Patent titled "CELL IMAGER" filed in the United States Patent and Trademark Office, assigned U.S. Patent Application No. 29/694,923 and accorded Filing Date of June 14, 2019; and

WHEREAS, EMD Millipore Corporation, of 400 Summit Drive, Burlington, MA 01803, a corporation organized and existing under the laws of State of Massachusetts (hereinafter "Company") is desirous of acquiring, and entitled by agreement or contract, to acquire the entire right, title and interest in and to the invention and in and to the application and any Letters Patent that may be granted therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned have sold, assigned and transferred, and do hereby sell, assign and transfer unto Company, its lawful successors and assigns, the full, exclusive and worldwide right to the invention and the entire right, title and interest in, to and under the application and any and all Letters Patent(s) that may be granted on the application, any and all priority applications and Letters Patent thereof, and any and all applications and Letters Patent claiming priority to the application, including any and all divisions or continuations thereof, any and all renewals, substitutes, reissues, reexaminations and extensions thereof, in the United States of America, in the territorial possessions of the United States of America, and in any country foreign to the United States of America, including full right to claim for any such applications all benefits and priority rights under any applicable convention, the same to be held and enjoyed by Company, its lawful successors and assigns as fully and entirely as the same would have been held by the undersigned had this assignment not been made.
