AGREEMENT FOR ASSIGNMENT OF PATENTS

Between:

THOMSON multimedia S.A., public limited company having its registered office at 46, Quai Alphonse Le Gallo, 92100 Boulogne-Billancourt Cedex, represented in respect of the present agreement by **Mrs. Béatrix de Russé**, acting as Vice-President Licensing,

hereafter called the "**Assignor**", on the one hand,

and:

THOMSON Licensing S.A., public limited company having its registered office at 46, Quai Alphonse Le Gallo, 92100 Boulogne-Billancourt Cedex, represented in respect of the present agreement by Mr Didier Huck, acting as Chief Executive Officer,

hereafter called the "**Assignee**", on the other,

THE FOLLOWING IS HEREINAFTER SET OUT:

Given that within the framework of grouping the key elements of industrial property of the THOMSON multimedia group within the THOMSON Licensing S.A. (fully owned subsidiary of THOMSON multimedia S.A.), the latter recovered by acts taking effect on 1 January 1999, the rights to the patents held by TCE Inc (THOMSON Consumer Electronics Incorporated) and by the production and research subsidiaries of the THOMSON multimedia group (R&D cost sharing agreement).

Given that some patents were filed in the name of THOMSON multimedia S.A., the parent company of the THOMSON multimedia group.

Given that these patents are intended to be part of the patent portfolio held and managed by THOMSON Licensing S.A.

Given that THOMSON multimedia S.A. agrees to assign the full ownership of its patents to THOMSON Licensing S.A.

THE FOLLOWING HAS BEEN AGREED:

ARTICLE 1 - DEFINITIONS

In the rest of the present agreement, the following terms, used with a capital letter, shall have the following meaning:

"Patents": Means on the one hand, the patents filed in France or abroad together with the patent applications in progress (French and foreign) and the future patent applications of the said patent applications filed under priority or under non-priority. The Patents are listed in the appendix to this agreement.

"Party", "Parties": Means the Assignor and/or the Assignee, as designated above.

ARTICLE 2 - PURPOSE

The chief purpose of this agreement is the assignment of the full and entire ownership of the Patents of the Assignor to the Assignee and the establishment of the terms of this assignment.

ARTICLE 3 - ASSIGNMENT

- 3.1. The Assignor freely assigns to the Assignee, who accepts, the full and entire ownership of the Patents. It is agreed between the Parties that the present assignment overrides assignment of the right of Unionist priority (as defined by the Convention d'Union de Paris of 1883) attached to the assigned Patents as well as any right of extension of the Patents in the countries not being part of the Convention d'Union de Paris. As a consequence, the Assignor assigns to the Assignee the right to extend the Patents in all the countries that are or are not part of the Unionist priority system.
- 3.2. The present assignment overrides assignment of the corresponding Patents, filed or not filed under the aegis of the Unionist priority.
- 3.3. The present assignment may be registered with the Registre National de Brevets at the French Institut National de la Propriété Industriel at Paris (and, notified with the relevant foreign Patent Offices). The entire expense of any procedures for registration, filing or any other formalities must be borne by the Assignee. For the purposes of these procedures, all powers are entrusted to the holder of the original copy of this agreement.
- 3.4. The Assignee will have the right to undertake, use or continue, both in application and defence, all actions relating to the Patents by means of acts or facts anterior or posterior to the present assignment. For this purpose, the Assignee is subrogated and substituted for the Assignor in all its rights and actions, in application as well as in defence.

ARTICLE 4 – MISCELLANEOUS STIPULATIONS

- 4.1. Any difference arising between the Parties relating to the existence, interpretation or execution of the present agreement will be subject to the arbitration of the Chief Executive Officer of THOMSON multimedia S.A.
- 4.2. Each opinion, notice or any other notification stipulated by the present agreement (including the appendix) will be sent from one Party to the Other in person or by simple letter to the address and to the representative of the other Party designated on the first page of the present agreement or to any other address and/or any other representative that may be appointed by one Party according to the procedures of the present article.

The present agreement will come into effect retroactively from the 1st January 1999 and will remain in force during the lifetime of the last of the Patents.

Signed in two (2) original copies, of which (1) is given to each Party.
