ASSIGNMENT

FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency and adequacy of which are hereby acknowledged, Crypto Storage AG, (the "Assignor") does hereby:

SELL, ASSIGN AND TRANSFER to Securosys SA (the "Assignee"), a corporation organized and existing under and by virtue of the laws of the Country of Switzerland and having its principal place of business at Förrlibuckstrasse 70, 8005 Zürich, Switzerland, the entire right, title and interest for the United States and all foreign countries, in and to any and all improvements which are disclosed in the United States Provisional Patent Application, which was filed September 6, 2018, Serial No. 62/727,625, and is entitled Hardware Security Module that Enforces Signature Requirements, such application and all divisional, continuing, substitute, renewal, reissue, utility, non-provisional, and all other applications for patent which have been or shall be filed in the United States and all foreign countries on any of such improvements, all original and reissued patents which have been or shall be issued in the United States and all foreign countries on such improvements, and specifically including the right to file foreign applications under the provisions of any convention or treaty and claim priority based on such application in the United States, with the sole exception as follows, that all rights and interests in and to Assignor's application no. PCT/EP2018/066978, filed on June 25, 2018 and entitled "SECURE STORAGE OF CRYPTO ASSETS" shall be owned exclusively by Assignor, except with respect to the rights and interests that are already owned by Assignee as set forth in the contract "die Erweiterung der Funktionalität des Securosys Primus HSM mit Schlüsselauthentifizierungsfunktionen" (the "Contract") between Assignor and Assignee dated 08 January, 2018, which Contract shall take precedence over anything set forth herein or in Assignor's application no. PCT/EP2018/066978;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted on such improvements to the Assignee;

WARRANT AND COVENANT that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by the undersigned, and that the full right to convey the same as herein expressed is possessed by the undersigned;

COVENANT that, when requested and at the expense of the Assignee, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all such improvements; execute all rightful oaths, declarations, assignments, powers of attorney and other papers; communicate to the Assignee all facts known to the undersigned relating to such improvements and the history thereof; and generally do everything possible which the Assignee shall consider desirable for securing, maintaining and enforcing proper patent protection for such improvements and for vesting title to such improvements in the Assignee;

COVENANT AND AGREE that the above is and will be binding on the heirs, assigns, representatives and successors of the undersigned and extend to the successors, assigns and nominees of the Assignee.
