PATENT ASSIGNMENT

This Patent Assignment (this “*Assignment*”) is entered into effective as of the 2nd day of January, 2018 (the “*Effective Date*”) by and among Luma Home, Inc. (“*Assignor*”) and BRK Brands, Inc. (“*Assignee*”) (each a “*Party*,” and collectively the “*Parties*”). Unless otherwise indicated in this Assignment, capitalized terms used herein shall have the respective meanings ascribed to them in the Purchase Agreement (as defined herein).

WHEREAS, Assignor and Assignee have entered into that certain Asset Purchase Agreement, dated as of December 12, 2017 (the “*Purchase Agreement*”); and

WHEREAS, the Purchase Agreement provides for, among other things, the sale, assignment, transfer and delivery to Assignee of all of Assignor’s right, title and interest in and to the certain patent applications set forth on Schedule A attached hereto (the “*Patents*”).

NOW, THEREFORE, for the consideration set forth in the Purchase Agreement:

1. Assignor hereby sells, assigns, transfers and deliver to Assignee, free and clear of all Liens (except for Permitted Liens), all of its respective right, title and interest in and to the Patents, and Assignee hereby purchases, acquires and accepts from Assignors all of Assignor’s respective right, title and interest in and to the Patents.

2. This Assignment shall be binding upon, and shall inure to the benefit of and be enforceable by, the Parties hereto and their respective successors and permitted assigns. Assignee may assign its rights or obligations hereunder without the prior written consent of Assignor.

3. Nothing contained herein is intended to or shall be construed to modify, alter, amend, interpret, supersede or otherwise change any of the terms, conditions, covenants, warranties, representations or other provisions of the Purchase Agreement. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern.

4. All notices, requests, demands and other communications under this Assignment will be in writing and will be deemed given to a Party when given in accordance with Section 9.2 of the Purchase Agreement.

5. The interpretation and construction of this Assignment, and all matters relating to this Assignment, will be governed by the laws of the State of Delaware applicable to contracts made and to be performed entirely within the State of Delaware without giving effect to any conflict of law provisions thereof.

6. This Assignment may be executed in multiple original, PDF or facsimile counterparts, each of which will be deemed an original, and all of which taken together will be considered one and the same agreement. In the event that any signature to this Assignment or any agreement or certificate delivered pursuant hereto, or any amendment thereof, is delivered by facsimile transmission or by e-mail delivery of a “.pdf” format data file, such signature will create a valid and binding obligation of the Party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or “.pdf” signature page were an

original thereof. No Party will raise the use of a facsimile machine or e-mail delivery of a “.pdf” format data file to deliver any such signature page or the fact that such signature was transmitted or communicated through the use of a facsimile machine or e-mail delivery of a “.pdf” format data file as a defense to the formation or enforceability of a contract and each Party forever waives any such defense.
