## ASSIGNMENT OF WORLDWIDE RIGHTS

**WHEREAS**, I, Igor Roninson, a citizen of the United States, residing at 270 Harrison Point, Lexington, South Carolina 29072 as assignor, have made an invention entitled

**"QUINOLINE-BASED COMPOUNDS AND METHODS OF INHIBITING CDK8/19"** as described in a patent application for U.S. Letters Patent bearing U.S. Serial No. 16/547,350, which was filed in the U.S. Patent and Trademark Office on August 21, 2019 (Atty. Docket No. 169958.00008); which application claims the benefit of priority of Provisional Patent Application No. 62/720,774 filed August 21, 2018 (Atty. Docket No. 169958.00001), (hereinafter the "United States Patent Application and the United States Provisional Patent Application"); and

**WHEREAS**, University of South Carolina, Osborne Administration Building, Suite 109, Columbia, South Carolina 29208, and Senex Biotechnology, Inc., 715 Sumter Street, Columbia, South Carolina 29208 as assignees, are desirous of securing the entire right, title and interest in and to this invention in all countries throughout the world, and in and to the application for United States Letters Patent on this invention and the Letters Patent to be issued upon this application;

**NOW, THEREFORE**, be it known that for good and valuable consideration the receipt of which from assignee is hereby acknowledged, I, as assignor, have assigned, transferred, and set over, and do hereby assign, transfer, and set over unto the assignees, their lawful successors and assigns, my entire right, title, and interest in and to this invention and this application, and all non-provisional applications claiming priority to this application, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of such applications, and all applications for Letters Patent which may hereafter be filed for this invention in any foreign country and all Letters Patent which may be granted on this invention in any foreign country, and all extensions, renewals, and reissues thereof, and I hereby authorize and request the Commissioner for Patents of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters

Patent for this invention to assignees, their successors and assigns, in accordance with the terms of this Agreement.

**AND, I HEREBY** covenant that I have the full right to convey the interest assigned by this Assignment, and we have not executed, and will not execute any agreement in conflict with this Assignment;

**AND, I HEREBY** further covenant and agree that we will, without further consideration, communicate with assignees, their successors and assigns, any facts known to us respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title of this invention in said assignees, their successors and assigns, execute all non-provisional, divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid assignees, their successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the assignees, their successors and assigns.

**IN WITNESS WHEREOF**, Assignor has executed this document on the date indicated below.
