**ASSIGNMENT**

WHEREAS, We, Roger D. Isaac and Alan Besel, citizens of the United States of America, residing in San Jose, California and Ridgefield, Washington, respectively, and having post office addresses at 655 Campbell Technology Parkway, Suite 275, Campbell, California 95008, have made an invention entitled:

**CHARGING PORTS WITH INTEGRATED CONTACTLESS  
COMMUNICATION UNITS**

the specification of which was filed as US Patent Application No. 15/685,371 on August 24, 2017;

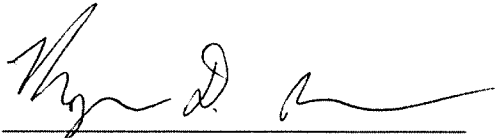

WHEREAS, Keyessa Systems, Inc., a corporation organized and existing under the laws of Delaware and having an office and place of business at 655 Campbell Technology Parkway, Suite 275, Campbell, California 95008 is desirous of acquiring the entire interest in said invention, said United States patent application and in any Letters Patent which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of One Dollar (\$1.00) paid to us, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we do hereby sell, assign and transfer unto the said Keyessa Systems, Inc., its successors, assigns and legal representatives, all right, title and interest in and to said invention and any improvements thereon for all countries of the world, and in and to said United States

patent application, including any continuations, continuations-in-part, and divisions thereof, and any substitute applications therefor, and any patents which may issue thereon, and any reissues of the same, and including the right to claim priority under the International Convention based on said patent application; and all right, title and interest in and to every patent application filed or to be filed on said invention in any other country, including renewals, revivals, continuations, continuations-in-part, and divisions thereof, and any substitute applications therefor, and any and all patents which may issue thereon, and any reissues and extensions of the same; and we hereby authorize and request competent authorities to grant and issue any and all patents on said invention to the said Keyssa Systems, Inc., as the assignee of the entire interest therein; and we further agree to execute upon request of the assignee such additional documents, if any, as are necessary and proper to secure patent protection on said invention throughout all countries of the world, and to otherwise give full effect to and perfect the rights of the assignee under this Assignment.
