ASSIGNMENT OF PATENT APPLICATION

Whereas I, an undersigned inventor, have developed certain new and useful improvements and inventions as set forth in the patent application entitled:

SCENE SEGMENTATION USING MODEL SUBTRACTION

for which I have executed a U.S. patent application on even date herewith.

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, an undersigned inventor, hereby:

- 1) Sell, assign and transfer to Array, Inc., a Delaware corporation having a place of business at 140 S. Whisman Rd., Suite A, Mountain View, CA 94041 ("ASSIGNEE"), the entire right, title and interest in: (i) any and all improvements and inventions disclosed in the above referenced application; (ii) the above referenced application and any and all patent applications based upon the above referenced application, including any divisional, continuation, substitute, renewal, reexamination or reissue application, and any patent application, including both foreign and domestic, that claims priority to the above referenced application ("the APPLICATIONS"); and (iii) any patents granted upon the APPLICATIONS ("the PATENTS"); including the right to claim priority generally, the right to claim priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may be substituted for it, and the right to sue for past damages for infringement of any of the PATENTS.
- 2) Agree that ASSIGNEE may apply for and receive patents resulting from the APPLICATIONS in its own name, and authorize and request the Commissioner of Patents to issue any and all United States Patents resulting from the APPLICATIONS to the ASSIGNEE.
- 3) Agree to execute all papers and documents in connection with the prosecution of the APPLICATIONS and the enforcement of the PATENTS, and entirely at the ASSIGNEE's expense, perform any acts which are reasonably necessary in connection with the prosecution of the APPLICATIONS and the enforcement of the PATENTS.
- 4) Agree that the terms, covenants and conditions of this assignment shall inure to the benefit of the ASSIGNEE, its successors, assigns and other legal representatives, and shall be binding upon the inventor, as well as the inventor's heirs, legal representatives and assigns.
- 5) Warrant and represent that I have not entered and will not enter into any assignment, contract, or understanding that conflicts with this assignment.

Signed on the date indicated beside my signature.
