and its successors or assigns 100% of the following: (A) Assignors' right, title and interest in and to the invention entitled "**Method and Device for Determining the Cooked State During the Cooking of Eggs**" invented by the Assignors; (B) the application for United States patent therefor with the application number and filing date shown above based on PCT/DE2018/000077 filed on 2018-03-26; (C) any patent or reissues of any patent that may be granted thereon; and (D) any provisional patent applications which said application claims priority of, or nonprovisional applications which claim priority of said application, or continuations, continuations-in-part, substitutes or divisions of said application.

Assignors also authorize and request the Commissioner for Patents to issue any resulting patent to the Assignees.

Assignors hereby represent and warrant that Assignors have the legal right and authority to execute this assignment declaration, and to validly assign the entire interest in the patent application to Assignees. Assignors further represent and warrant that Assignors have not executed any agreement that would conflict with the terms of this assignment declaration, nor shall they execute any such agreement in the future.

Assignors hereby agree to execute all papers and to take any further actions necessary to aid Assignees in perfecting Assignees' interest in the patent application, and in any letters patent granted thereon, and in enforcing any and all protections or privileges deriving from the patent application or from said letters patent.

IN WITNESS WHEREOF, the Assignors have executed the document on the date shown below.

I hereby authorize and instruct my attorney, Michael Soderman of Tauentzienstr. 9-12, 10789 Berlin, Germany, to insert the filing date and application number of the corresponding US application when known.
