Title of Invention: SYSTEMS AND METHODS FOR EXECUTING SMART CONTRACTS
USING A BLOCK CHAIN
Application No. 16/117,801, filed on August 30, 2018

ASSIGNMENT

WHEREAS, I, Cornelius Antor, residing in Munich, Germany, am an original inventor or an original joint inventor of the invention disclosed in the above-identified application for a United States Letters Patent;

WHEREAS, BXB Digital Pty Limited, a corporation having a principle place of business at Level 10, Angel Place, 123 Pitt Street, Sydney NSW 2000, Australia, hereinafter referred to as "BXB Digital," is desirous of acquiring an interest in the invention and application and in any United States Letters Patent and Registrations which may be granted on the same;

For good and valuable consideration, receipt of which is hereby acknowledged by Assignors, I have assigned, and by these presents do assign to BXB Digital all right, title, and interest in and to the invention and application and to all foreign counterparts (including patent, utility model, and industrial designs), and in and to any Letters Patent and Registrations which may hereafter be granted on any patent application claiming priority from the same in the United States and all countries throughout the world, and to claim the priority from the application as provided by the Paris Convention. The right, title, and interest is to be held and enjoyed by BXB Digital and BXB Digital's successors and assigns as fully and exclusively as it would have been held and enjoyed by me had this Assignment not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation, or extension thereof.

I further agree that I will, without charge to me, but at BXB Digital's expense, (a) cooperate with BXB Digital in the prosecution of U.S. Patent applications and foreign counterparts on the invention and any improvements, (b) execute, verify, acknowledge, and deliver all such further papers, including patent applications and instruments of transfer, and (c) perform such other acts as BXB Digital lawfully may request to obtain or maintain Letters Patent and Registrations for the invention and improvements in any and all countries, and to vest title thereto in BXB Digital, or BXB Digital's successors and assigns. I waive any obligation of BXB Digital to file foreign counterparts on the invention or continue pursuit of prosecution of the invention and application and to all foreign counterparts. BXB Digital can in its sole discretion choose which countries to file foreign counterparts, unless I have previously informed BXB Digital in writing of any foreign counterparts I would like the option to pursue or prosecute.
